**Q1: What did you find most helpful/enjoyable about the Forum?**

The young people. The times to talk together in 2a and 3a and after the listening sessions in our small groups.

**Q2: What did you find least helpful/enjoyable?**

The questions after the Pentecostal session seemed negative in tone, and that presentation slightly fragmented in feel.

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Good for information, felt like an appropriate way to show welcome to show them to introduce themselves. The organisation of the youth session was spot on, the messages that came through inspirational and challenging.

**Q4: Please comment on the small groups and worship.**

Worship was great - thanks Noel and gang. Small groups could have had more discussion rather than just listening.

**Q5: What do you think we should do differently next time?**

More space to discuss.a

**Q1: What did you find most helpful/enjoyable about the Forum?**

Meeting people, friends old and new.

**Q2: What did you find least helpful/enjoyable?**

The volume of the music, and the lack of variety (eg, no Orthodox chant)

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Excellent and challenging, but insufficient time to explore the issues emerging from the sessions on Orthodoxy and Pentecostalism.

**Q4: Please comment on the small groups and worship.**

Honest sharing in small groups, well facilitated. Mass generously inclusive. Orthodox prayer a delightful change.

**Q5: What do you think we should do differently next time?**

A wider vocabulary of musical style.

More time for discussion and probing of issues. Less time for the presidents' Q&A.

**Q1: What did you find most helpful/enjoyable about the Forum?**

The variety of voices and comments from the front. The small group discussions both in the main venue and in separate rooms. The worship band.

---

**Q2: What did you find least helpful/enjoyable?**

The breaks were a bit short. I felt we were rushing around.

---

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

All three were engaging and enlightening. They worked extremely well. I have a lot to take home.

---

**Q4: Please comment on the small groups and worship.**

Our small group was excellent. Everybody engaged and was respectful. We had very good conversations. We also loved the short service with the poem. The worship led by the band was excellent. I'd have liked a little bit more.

---

**Q5: What do you think we should do differently next time?**

Slightly longer breaks. Maybe some sports activities or an organised walk during the afternoon off.

**Q1: What did you find most helpful/enjoyable about the Forum?**

The praise band and conversations between sessions with my Christian brothers and sisters

**Q2: What did you find least helpful/enjoyable?**

Least enjoyable was still helpful; being challenged by having to listen to some theologies I disagree with (Mary as Mother of God, rather than Mary mother of Jesus, God incarnate), etc.

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Orthodoxy was eye-opening. I've enjoyed my encounters with Eastern spirituality so far, but I'd studied Anglo-Saxon history for my BA specialism and MA and post-graduate study and I guess I'd always thought of the Anglo Saxon saints as Catholic! But of course it was before the schism! Eye opener!

**Q4: Please comment on the small groups and worship.**

Small group was a blessing to me. I found it a bit worrying, feeling responsible for folks' emotions and responses to the event, as if I was "to blame" for whatever they found difficult, but I allowed lots of space for listening and for silence to process, and at the end the group were so thankful to me and even said they were really fortunate to have got me as their group facilitator, which was so lovely and affirming.

As for the worship, it was great. So encouraging for CTE to break out like a revival meeting! And for opportunities for quieter worship etc in small groups in the morning sessions. Very well done and balanced.

**Q5: What do you think we should do differently next time?**

Obviously we'll want to hear from others than Pentecostals and Orthodox and young people, but this was a good model. Perhaps it'll be good to hear delegates feeding back on how they acted on the input this time? E.g. how we connected with Orthodox, Pentecostal, and young people in our areas, to continue to encourage one another with what's going forwards in the Spirit.

**Q6: Is it worth continuing to host large gatherings like the Forum?** Yes**Q7: Please expand on your answer.**

Awesome. So encouraging to meet so many friends old and new and bless and encourage one another with our common purpose and learn from one another for better practice. I wonder if we could do even larger things? Soul Survivor and Momentum and pilgrimages etc are parachurch gatherings of thousands of people from across denominations, usually with a mix of "main stage" and side events: perhaps we can see more people blessed and motivated by ecumenism than just "regulars"? ;-)

**Q8: Any other comments?**

Well done and thank you so much. I enjoyed it all, and I heard from some people who found it too noisy, others who felt it could have been more noisy, so I reckon you got it right, friends!

**Q1: What did you find most helpful/enjoyable about the Forum?**

Learning about the Orthodox Church. Opportunity to network with and learn from others, especially over the coffee breaks.

**Q2: What did you find least helpful/enjoyable?**

The Panel was a bit slow to get going - it took a long time to get through the first few questions, with them being answered by all 6 presidents. Could maybe have kept all the questions to be answered by a couple of the presidents like you did with the final few?

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Very good. Was great seeing young adults as a main session - think they should be given a voice at every forum. Would have been interesting if the young adults had included a young person from the Orthodox tradition as well.

**Q4: Please comment on the small groups and worship.**

I was only a day delegate on tuesday so wasn't there for the small groups. The worship was similar to what I was used to at Church, so enjoyed it. I didn't get to any of the morning devotions bits.

**Q5: What do you think we should do differently next time?**

Make the presidents panel a bit more fast paced; maybe more of a dialogue between each of the presidents.

**Q6: Is it worth continuing to host large gatherings like the Forum?** Yes**Q7: Please expand on your answer.**

It's important to meet together; to walk together; to learn from each other - but to also learn from those outside of the Church.

**Q8: Any other comments?**

I came representing YMCA White Rose. I'm aware that the YMCA isn't a Church or a denomination and that we know that we're not and don't (generally) try to be...but just wondered whether there is scope to include para-church organisations such as ourselves and others within the forum? The Marketplace worked well for that, but wondered if there was other ways they could be involved as well.

**Q1: What did you find most helpful/enjoyable about the Forum?**

Pentecostal insights. But the CofE paid for me to come due to its desire to relate better to these churches so my ears were tuned....

**Q2: What did you find least helpful/enjoyable?**

The uniformity of the collective worship: too loud and too bland.

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Orthodoxy: missed as in bed arguing with a migraine; I regretted this greatly.

Pentecostalism: very good, as above

Young adults: very good to be reminded of the ideals of youth (including one's own) but rather sad that they are finding the same brick walls as my generation though they sing slightly different songs.

**Q4: Please comment on the small groups and worship.**

N/a: the migraine scotched Tuesday participation and I didn't know that this happened on Wednesday - see below.

**Q5: What do you think we should do differently next time?**

I seem to have missed quite a few emails including the final programme hence my failure to appreciate that there was small group worship on both days. So:

1 better e communication;

2 more varied corporate worship

3 fewer buzz groups which go nowhere

4 a more balanced diet - by 5pm on Tuesday I had had my fill of being talked at!

5 consider pacing of sessions. The presidents' session was very slow, ++Gregorias was incomprehensible and ++Justin's insistence on the essential nature of unity didn't cut it with baptists in my group who asked why an 11am engagement in Londkn prevented him being here at 4 when the date had been known for three years.

**Q6: Is it worth continuing to host large gatherings like the Forum?**

Don't know/prefer not to answer/my answer is below.

**Q7: Please expand on your answer.**

This is my first forum. I have met a lot of interesting people none of whom are from the same part of the country as I am. Will they or I ever be able to take forward what we have learned? If so, then yes but if not this has been an expensive way to hear what my Church wanted me to learn - in their money and my time. If I were to be invited again I would not come willingly unless there were a clear 'what we do next is, and this is how we will do it' known in advance

**Q8: Any other comments?**

I have found much positive in this. Organisation notably of accommodation has been excellent and a generosity of spirit seems to have been at work. Many thanks to the planning group who must have worked their socks off.

**Q1: What did you find most helpful/enjoyable about the Forum?**

Meeting Christians of other traditions.

---

**Q2: What did you find least helpful/enjoyable?**

The tightly controlled process which did not allow for contributions from the floor. The dominance of one worship style. The endorsement of one ecclesiological paradigm.

---

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Orthodoxy - I shouldn't say - I am Orthodox!

Pentecostalism and Young Adults, nicely done. But again there should have been more plenary interaction.

---

**Q4: Please comment on the small groups and worship.**

I don't find small groups useful I am afraid so I didn't attend any. Worship: see Q2.

---

**Q5: What do you think we should do differently next time?**

Take a few risks - open it up. (Ironic I think that this needs to be addressed to a primarily Protestant connexion). Conformity is so subtle, unless you are attuned to it, as I am. Remember: "Contradiction without crisis"?

---

**Q6: Is it worth continuing to host large gatherings like the Forum?** Yes

**Q2: What did you find least helpful/enjoyable?**

The very loud music played far too often and totally Pentecostal orientated- my ears physically hurt at the end of the day. The presidents panel was flat compared to previous forums ,much better with live questions and an opportunity to respond

---

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Orthodoxy -excellent  
 Pentecostal Ok but with significant omissions  
 Young people -superb all a credit to the church

---

worship -lack of traditional hymns  
 small groups -very useful in focussing the mind

---

**Q5: What do you think we should do differently next time?**

Beef up the presidents panel by use of live questions and not dilute them by trying to combine them. Music is important but should be balanced ecumenically and used only before and to close sessions.Include the environment as an issue for the church

The small groups

---

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Bishop Angaelos provided a superb insight into orthodoxy and I would have liked more from him. The Pentecostalism session was great especially David Muir. I was in the Young Adults session so cannot comment.

---

**Q4: Please comment on the small groups and worship.**

Noel and his band pitched the music selection wonderfully. I would have liked them to lead an extended and dedicated time of worship and prayer.

---

**Q5: What do you think we should do differently next time?**

The small groups would benefit from being deliberately formed with age and roles matched appropriately, e.g.: young people, young adults, ministers, laity, volunteers...

I also think one key speaker for a session would provide variety from all the panel-discussion sessions.

**Q6: Is it worth continuing to host large gatherings like the Forum?** Yes**Q7: Please expand on your answer.**

**Q1: What did you find most helpful/enjoyable about the Forum?**

The conversations around the meals and the time in small groups

---

**Q2: What did you find least helpful/enjoyable?**

The presidents panel as the questions answered were too basic and wishy washy. Also i would have liked more chance to be heard during the sessions. It was great that the young people had a voice but there were other young people there throughout and no chance for us to really speak.

---

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

I feel that especially in the Pentecostalism session there was too much emphasis on sitting and listening and i actually understood more about pentecostalism from joining in thier morning worship and experiencing it. The session with young adults was excellent but it would have been nice to hear from some young people who hadn't had that same experience in the paradise camp.

---

**Q4: Please comment on the small groups and worship.**

I wish we had more time in the small groups as it would have helped forge closer relationships and i enjoyed my time with them.

**Q1: What did you find most helpful/enjoyable about the Forum?**

There was a lot I enjoyed about the Forum. It was amazing to meet with so many different denominations and speaking with them to help build unity between our traditions. I was really taken back by the passion of so many who want to "walk together".

And most of all - Archbishop Gregorios' videos really made me chuckle!!

**Q2: What did you find least helpful/enjoyable?**

I would say the least enjoyable aspect was the band. I come from a very Anglo-Catholic tradition, so the worship band was something new to me. I did not know many of the songs; but tried my best to join in. However the volume of the band was overpowering and I often found myself having a headache after the band had played.

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

I really enjoyed these sessions. It was lovely to learn more about these different traditions; traditions I do not much about.

**Q4: Please comment on the small groups and worship.**

I enjoyed the worship and I believe there was a balance between traditions; and there was something which catered for most. My only point would be that on the Tuesday night there was no formal act of worship; it was just a prayer by two of the young adults. As such, I did say Compline in my room. It would have been good to have a more formal act of worship together.

With regards to the small groups, I think this was an extremely good idea; and it was good to listen to each other's views. However; I personally would have preferred this as a discussion. I would have liked for us to have a question relating to the topics and then being able to discuss this in a group - we are all old enough and mature enough to respect and cherish each other and give way to let other's views be noted to.

**Q5: What do you think we should do differently next time?**

I have already hinted some changes I would make - firstly to change the small groups to more of a discussion group rather than just a listening group. Secondly, turn the music down. And thirdly, try (if possible) to incorporate more formal worship. One thing I did particularly notice, is that nobody said grace before a any meal for us as a collective group!! It would nice to have been able to pray with our brothers and sister before sharing a meal!

**Q6: Is it worth continuing to host large gatherings like the Forum?** Yes**Q7: Please expand on your answer.**

I believe the Forum give people the ability to share their views, and worries - especially for people who are not able to share their views normally. It also allows us to learn from each other; and as such we grow in faith and maturity.

This is the first Forum I've attended so I'm unsure if this happens; but I wonder what are the arrangements for keeping delegates up to date. Obviously the Forum provides the enabling group and Presidents 'food for thought' but are their discussions and outcomes shared with those who attended the Forum

---

**Q8: Any other comments?**

It was a wonderful experience; and I thank everybody who helped in anyway for organising this Forum.

**Q1: What did you find most helpful/enjoyable about the Forum?**

I liked the format and particularly the sessions on the Orthodox Churches and with the young people

**Q2: What did you find least helpful/enjoyable?**

Nothing in particular

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

I found them all exciting, informative and very well presented

**Q4: Please comment on the small groups and worship.**

The worship was accessible, and a good balance considering the breadth of different forms people present must have been used to. I enjoyed the small groups

**Q5: What do you think we should do differently next time?**

I think everything worked very well this time and would not wish to advocate a different approach. I think that will be determined more by the focus at the next forum.

**Q6: Is it worth continuing to host large gatherings like the Forum?** Yes

**Q7: Please expand on your answer.**

It was an inspirational meeting and we need them sometimes!

**Q1: What did you find most helpful/enjoyable about the Forum?**

All main sessions were good though sometimes breaking down to two or threes didn't produce much.

**Q2: What did you find least helpful/enjoyable?**

Small group sessions - though they were OK

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

All very good

**Q4: Please comment on the small groups and worship.**

Small groups OK but sometimes sidetracked into irrelevant discussions. Worship good and had the right balance. Noel had a good attitude.

**Q5: What do you think we should do differently next time?**

Replace small groups with opportunities to explore aspects of theology on issues we disagree on

---

**Q1: What did you find most helpful/enjoyable about the Forum?**

I enjoyed the interview with the young people (Pentecostal session); I thought they were brilliant, especially the young woman from RCCG. I'm sure it probably felt a little bit scary for her! I also found the Orthodox session helpful and refreshing. (NB. I only attended on Tuesday, up to 6.30pm.)

---

**Q2: What did you find least helpful/enjoyable?**

Actually, I found the day absolutely fantastic; warm people and beautiful music.

---

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Orthodox: very informative;

Pentecostalism: a judicious admixture of didacticism and informed 'testifying'; better than I expected. Bishop Eric's 'the way forward' was extremely, clear, relevant and challenging for the wider ecumenical family.

---

**Q4: Please comment on the small groups and worship.**

It certainly broke up the session at relevant junctures, allowing dialogue and getting to know other people. The worship (usually where ever Noel Robinson is leading) was extremely good; seemed to reinforce the theme of unity and celebration.

---

**Q5: What do you think we should do differently next time?**

Not a great deal...

---

**Q6: Is it worth continuing to host large gatherings like the Forum?** Yes**Q7: Please expand on your answer.**

This was my first Forum and I thoroughly enjoyed it. And I don't think this was because I was speaker. I genuinely learned (in a deep spiritual way) a great deal. I'm more committed now to discover more and meet with my Orthodox brothers and sister --something I've tried to do for years but never quite got round to it.

---

**Q8: Any other comments?**

Thanks for the invite and the sterling work CTE does to engender Christian unity-- a difficult, but eternally rewarding task in the currency and economy of the Kingdom. Once again, thank you.

**Q1: What did you find most helpful/enjoyable about the Forum?**

The diversity of input from widely different churches, often saying similar things. None of the speakers were too difficult to understand.

**Q2: What did you find least helpful/enjoyable?**

A video interview that was difficult to make out the words.

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Orthodoxy - learnt a lot I didn't know. Pentecostalism - clarified the little I knew already. Young Adults - inspiring! Great to hear their passion and enthusiasm.

**Q4: Please comment on the small groups and worship.**

Small groups probably useful, worship very engaging.

**Q5: What do you think we should do differently next time?**

**Q6: Is it worth continuing to host large gatherings like the Forum?** Yes**Q7: Please expand on your answer.**

Too much concentration on a particular style of worship when we come from such a variety of styles of worship.

---

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

All very helpful and informing - I learnt a lot.

---

**Q4: Please comment on the small groups and worship.**

Small groups are helpful - as stated above, worship in a particular style is not helpful when we come from different worshipping communities

---

**Q5: What do you think we should do differently next time?**

Ask our churches to help in funding a Young People's Enabling Group to meet together over several weekends/ days to help prepare and lead the next Forum.

---

**Q6: Is it worth continuing to host large gatherings like the Forum?** Don't know/prefer not to answer/my answer is below.

---

**Q7: Please expand on your answer.**

In our small group discussion we identified how varied are our experiences within our towns and cities throughout England. If we are to meet centrally in a large gathering, then the different challenges we face need opportunity for expression. Our Christian commitment to supporting e.g. through Food banks may be common to all, but some are challenged by concerns of which others are unaware.

All fascinating in their own ways, but the young adults were both inspiring and challenging - their input was so well prepared ...it was great.

OK - our small group was small & got smaller! and I missed the first session so was perhaps part of the the problem.

The sessions on Orthodoxy and Pentecostalism were informative while the Young Adults were inspiring

**Q4: Please comment on the small groups and worship.**

Small groups worked well. Worship was a little repetitive. I would have preferred more variety of style.

**Q5: What do you think we should do differently next time?**

Work out how to involve young adults as an integral part rather than as an add on. Are we brave enough to listen to the sceptical secular voices as well as to each other?

I am surprised there was no a more specific 'call to action' with a pooling of the enormous experience of ecumenical activities from those attending the Forum. Inspiring words and discussions are nothing without action. I will write separately. I recognise there might be a plan that was shared with the delegates, in my hearing!  
In summary, thank you very much for enabling me to attend. It was very worthwhile.

**Q1: What did you find most helpful/enjoyable about the Forum?**

people listening and being open to new ideas and insights.

**Q2: What did you find least helpful/enjoyable?**

Some of the panel discussions were a bit long and repetitive. Also would have been good to talk more about what we might all be able to actually do back in the 'real world'.

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

All really good. Particularly liked people sharing what they valued about their tradition - learnt more from that than people talking about things. Liked the Monday evening session for the same reason.

**Q4: Please comment on the small groups and worship.**

Our small group was great. Good to have the chance to engage with people from very different church traditions to my own and be reminded that I had things to learn from them. It challenged some of my prejudices.

The worship in the main sessions with the worship group was okay but it just got a bit much after a while. I can understand why the decision was made to do things in this way, but it was all from one tradition. I think it would have been an interesting challenge for the worship group if they had been asked to incorporate things from other traditions e.g. liturgy, taize chants, silence, etc. Also perhaps this is just me but the words of some of the worship songs were meaningless/theologically odd and not always inclusive language etc.

**Q5: What do you think we should do differently next time?**

Make more of an effort at using inclusive language in all aspects of the forum. Find some female presidents ;) Make it a bit more interactive - it didn't feel like there was much chance to ask questions, but perhaps that was deliberate. Vary the buzz groups - use them when they are really the best thing to use, and use other facilitation techniques at other times.

I know this is hard but it would be good to get more people there who are not either professional ecumenists or church leaders. Having it on week days doesn't help on that one, and also the time of year isn't great for either students or student workers.

**Q6: Is it worth continuing to host large gatherings like the Forum?** Yes

**Q7: Please expand on your answer.**

I think it would be worth hosting them more often - but I also think it's a shame that it was only CTE and not the other national instruments or CTBI too - why can't we all work together? Then there could be something like this every year!

**Q8: Any other comments?**

You all did a fantastic job. It's one of the best conferences I've been to for ages.

**Q8: Any other comments?**

It would have been good to have known why there was a mass departure of the Orthodox delegates! Many wondered where they had gone on the Wednesday (only one delegate present!). Hopefully it was ministry demands and not because they had done their bit and mutually had decided to leave en-mass. Also could CTE invite all the denominations to prepare a paper similar to the papers produced by the Orthodox and Pentecostal Churches. The invitation would be for all denominations to produce this and for it to be put onto the CTE website for others to read and enlarge their understanding of history, development, structure, denominational size, beliefs and values. It should also include web links etc where further info may be found.

The presentations by the Orthodox, the Pentecostals and the young people were all helpful.

**Q2: What did you find least helpful/enjoyable?**

The Tuesday afternoon gap. I felt this was dead space.

---

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

It was interesting to find out more about the Orthodox churches. Whilst I have known about them in theory from reading, it was interesting to hear their perspective first hand. The Pentecostals I already knew about but it was good to hear one of them critiquing the Prosperity gospel. The Young adults were full of youthful enthusiasm and their contribution was exciting. It would be interesting to hear from those same adults in 10 years time to see if their perspective has changed.

---

**Q4: Please comment on the small groups and worship.**

The small group sessions were good. There was some honest sharing and a level of understanding reached. The worship was fine for me but I know some of those from more traditional denominations struggled with it.

---

**Q5: What do you think we should do differently next time?**

The previous forum included a teaching from a Cambridge lecturer (sorry, her name escapes me) on 1 Corinthians 12 which was very helpful. A teaching session of this kind would enhance the forum I think.

**Q6: Is it worth continuing to host large gatherings like the Forum?** Yes**Q7: Please expand on your answer.**

Over the course of the forum it was excellent to be able to encounter people from a range of traditions, both to understand them a little more, and to explain our own network to them. I was amazed at the level of ignorance concerning the New Churches and hopefully, this interaction has filled in the blanks a little more for some of the participants of the Forum.

---

**Q8: Any other comments?**

I enjoyed the forum and would like to thank all those who organised it for the excellent job they did.

**Q1: What did you find most helpful/enjoyable about the Forum?**

Meeting lots of people from different denominations  
 Learning about the Orthodox and Pentecostal Churches  
 Learning more about the landscape of Christianity in England.  
 The opportunities to experience worship from different traditions.

**Q2: What did you find least helpful/enjoyable?**

Panel discussions have their place but can be very boring and un-engaging  
 'No more strangers' as a worship song was lovely but once I had heard it a couple of times, it became a bit dirgy.

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Interesting, insightful, funny and powerful! We need more Young Adults at the Forum.

**Q4: Please comment on the small groups and worship.**

Really good idea and worked well!

**Q5: What do you think we should do differently next time?**

Silent worship for a bit  
 Have some workshops where you can learn a skill/something else. You could ask St Ethelburga's to do something around dialogue and social action.  
 What about workshops on key challenges facing the church?  
 Please double the number of young people at the event next time. Also, what about setting up a mini CTE ecumenical conference, but for young people?

**Q6: Is it worth continuing to host large gatherings like the Forum?** Yes

**Q7: Please expand on your answer.**

Talking to each other is crucial but I think it needs to be followed by concrete, specific actions otherwise the whole exercise risks becoming a talking shop.

**Q8: Any other comments?**

What were the specific, concrete outcomes from this conference? There must be powerful/inspiring stories people can share of things they did when they went to their own communities.

**Q1: What did you find most helpful/enjoyable about the Forum?**

I am very pleased to have been nominated to attend the Forum as a Quaker representative. It is difficult to pick out one thing because for me it was all good (apart from one aspect, see 2 below). I think the high quality of the organisation both by CTE and the Hayes should be noted. So in this section, simply, 'Thank you'.

**Q2: What did you find least helpful/enjoyable?**

There is no doubt in my mind about this. The worship group made the event very stressful for me. I know that lots of people appreciated it greatly and that it is part of their tradition. However, I have a hearing difficulty which means that I cannot filter sounds. Playing music while people speak (eg the poems and the buzz groups) means that I cannot hear. There was no quiet except on the last day when there must have been some feedback. I also found the words very difficult to engage with (cf Wesley in the last session).

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Probably the highlight for me was the session on Orthodoxy. It was both informative and challenging. I found the Pentecostalism session less engaging. With regard to the young adults; that session was very engaging and challenging. I could write quite a lot about the challenges but will resist the temptation. I think members of CTE might have something to learn from Quakers about how to engage with Children and Young Adults.

**Q4: Please comment on the small groups and worship.**

Our group facilitator was outstandingly good. He caught the mood of the members and responded so well. It was a very good way to meet some delegates personally.

**Q5: What do you think we should do differently next time?**

Probably there were too many buzz groups. Another session in small groups might be helpful, but really I do think this was a well balanced programme.

**Q6: Is it worth continuing to host large gatherings like the Forum?**

Don't know/prefer not to answer/my answer is below.

**Q7: Please expand on your answer.**

I guess this is quite an expensive exercise and is affirming as well as challenging for delegates. But I wonder if it takes us any further forward. Difficult to tell so soon after the event.

**Q8: Any other comments?**

There is no question about the Presidents Panel. That too for me was a highlight. Although it was difficult to hear Archbishop Gregorious he communicated a lot, I found the Cardinal very human and entertaining and I wonder if the Archbishop of Canterbury could be encouraged to attend. His was a very noticeable absence. You advertised 'video links'. They were not and therefore slightly disappointing.

I was pleased that the poetry happened. It added to the last session.

**Q1: What did you find most helpful/enjoyable about the Forum?**

The session with the Young People

**Q2: What did you find least helpful/enjoyable?**

The session with the Presidents

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Sessions on Orthodoxy & Pentecostalism were both very good & informative - well worth doing. That with the young people was excellent - we need to hear more from the young people.

**Q4: Please comment on the small groups and worship.**

Worship was varied and good. Small groups were good too, but meeting only twice doesn't give the opportunity to gel. Ours was six the first session and only four the second - that is not really enough. Perhaps less slightly larger groups?

**Q5: What do you think we should do differently next time?**

As above - less slightly larger groups. Also if there is to be a session with the Presidents, I would prefer it to focus on more critical questions.

**Q1: What did you find most helpful/enjoyable about the Forum?**

As this was my first forum I found all the session helpful and enjoyable. In particular the networking that went on and the small group discussions.

**Q2: What did you find least helpful/enjoyable?**

Nothing

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

All three sessions were informative. The young adults certainly opened my eyes to issues facing the you of today and their commitment and enthusiasm was infectious.

**Q4: Please comment on the small groups and worship.**

The worship was good although I think more time could have been given to some of the discussions. It would have been good to attend each of the prayer sessions on the Wednesday morning. Our small group was useful and informative and the mix of denominations made for good discussions.

the input from the young people - but would prefer to see more young people as delegates (in URC Assembly we ring-fence so many spaces for young people). There was no sense of patronising them - didn't they do well as young people. Quite the opposite - the deep faith, commitment and love for one another radiated as sisters and brothers in Christ.

**Q2: What did you find least helpful/enjoyable?**

Nothing really. In our small group we did feel we needed more time and occasions to meet to develop ideas once we had got over the meeting, introducing and trusting each other.

There is a tension for delegates because these gatherings enthuse, and reinforce our belief in ecumenism for mission - but we return to a church scene where church leaders and even denominations are less enthusiastic, even writing off ecumenical bodies/LEPs etc.

How many of us will communicate to our constituencies with the enthusiasm and conviction that the young people shared!?

We need to help the sceptics see beyond their derision of LEPs to see the exciting potential of local ecumenical partnership in a multitude of ways!

**Q1: What did you find most helpful/enjoyable about the Forum?**

Sense of being a gathered Church in a way not possible when we meet in our own expression of church. A more complete Body.

**Q2: What did you find least helpful/enjoyable?**

Dealing with the differences - being told what my attitude should be by a couple of delegates (representing 2 different traditions to my own) who were older and male - that was a difficult moment.

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Young Adults: great session and they are quite right - we need to listen. Listening to dismiss is not listening. Listening properly usually requires action of some sort and not necessarily that those speaking should be the ones to change.

Orthodoxy - very interesting to hear of faith and practice of it. Loved morning prayer.

Pentecostalism - sense of vitality and also openness to celebrating differences were inspiring.

**Q4: Please comment on the small groups and worship.**

Enjoyed my small group - rather wish we'd had more than two sessions together though. Liked the compline liturgy very much.

**Q5: What do you think we should do differently next time?**

Compline on both nights - either in small groups or gathered if people want that.

Put an additional small group session in.

Really though I loved it - I met so many interesting people and I learnt so many new things about others and myself it was very helpful.

**Q6: Is it worth continuing to host large gatherings like the Forum?** Yes**Q7: Please expand on your answer.**

Essential to remind ourselves that a physical gathering of the Church is important. We act as representatives for the dispersed Church - demonstrating that physically we can gather is very important. I don't know anywhere else this can happen.

---

**Q8: Any other comments?**

Encourage those who are older and more established to listen more thoughtfully to the musings of those younger and of a different gender. We may be newer to the scene but the church is declining and we are the ones really paying the price as we and our children will be living longer through the lean years than those who are older who, let's face it, have taken us into them. I think this is something all leaders in every denomination need to hear. The voice of the young were prophetic and should be taken seriously.

Some of us discussed the need for action following the inclusion of so many new churches regarding doctrinal differences. Conversations held in the past probably need to be revisited with the new voices that are now being included in CT in E. Some of us would like these conversations to be continued and moved on. If each generation can move them forward a little then although it will take time we may actually reach unity about them eventually! We cannot let core issues such as the Table/Eucharist/Communion remain a sore for ever. Also it would be helpful to widen the discussion beyond the conversations held between different denominations (which are also important). It would also be fantastic if more voices could be heard.

By asking people to feedback in various ways as you did in the Forum more voices were heard to enlighten and enrich all of us. That was very well done and I hope that will continue as far as possible in all aspects of our learning to listen and gatherings together. As this is one of our core Baptist principles ('We follow Jesus, who is revealed in the Bible as God in human form and is the absolute authority in all matters related to faith and practice. Our churches, guided by His Holy Spirit, have the freedom to interpret what He says, and put this into practice in their own contexts.') than, as a Baptist, I very much felt at home with everyone there as we gathered to listen and discern together. Thank you to everyone for all your hard work and the wisdom and good humour shown through out the Forum. Just wish it could happen every year!

Quality of coffee at meal and break times

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

All of these were really helpful - maybe more time could have been given to the future priorities bit. Buzz sessions were good.

**Q4: Please comment on the small groups and worship.**

Excellent worship band - not so sure about the choice of songs/hymns, especially at the closing worship. Not much time for prayer for each other and for the forum and the churches. Organisation of the small groups and resources for the leaders were great. Variety of morning prayer also great.

---

**Q5: What do you think we should do differently next time?**

More time for prayer - perhaps prayer buzz groups in the main sessions?  
Possibly a regional seating plan for one session or meal or something to get the national denominational delegates to know people from their area?  
Signs in the passage to advertise the marketplace?

**Q1: What did you find most helpful/enjoyable about the Forum?**

The positive mood.  
David's thoughtful theological reflections.

**Q2: What did you find least helpful/enjoyable?**

The Presidents' session with 7 males on the platform was imbalanced. Maybe that would have been a session for Ruth to chair. Also, some of the q and a was a bit bland.

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Orthodoxy - excellent; clear, well-communicated; felt that Christian concerns from afar were with us in the hall. Only disappointment was that I did not see so many of those involved at some of the later sessions.

Pentecostalism - surprisingly a bit flat; puzzled why the charismatic/Pentecostal question was ducked; having been "new" in 2012, are Pentecostals now just another part of the establishment?!

Young Adults: mature reflection on experience; challenges include the extent to which one might be rooted in a tradition versus the flexibility to move churches on one's spiritual journey.

**Q4: Please comment on the small groups and worship.**

I was a group facilitator, so had one eye on process; it felt quietly OK to me, but wouldn't presume to speak for the others.

(I liked a comment from our first session, "Ecumenism clearly works well in practice; it's the theory that's the problem!")

Corporate worship was OK, if a bit band-dominated. More, quieter prayer in amongst would have been helpful. It was good that there was not pressure on the final worship as the culmination of the conference (cf 2012) so more relaxed.

Some of the alternate morning prayers could have been more clearly described.

**Q5: What do you think we should do differently next time?**

More of the same; fostering the ability to walk together, acknowledging contradiction without crisis.

**Q6: Is it worth continuing to host large gatherings like the Forum?** Yes**Q7: Please expand on your answer.**

No other event holds such breadth of Christian understandings and practices, and opportunities for unlikely relationship-building.

**Q8: Any other comments?**

If only more of the senior leadership of the larger denominations could be encouraged to attend; those who may be so absorbed in their own ecclesiastical structures that they don't appreciate there is this amazing Christian diversity out there. So, some work to do with the Presidents!

Finally, thanks to everyone at CTE who had the vision for what the Forum might be and who did the work to ensure that that is what it became.

it was a bit wooden and giving more time to the videoed presidents was surely a mistake.

PAGE 1: This evaluation will help us to plan future Forums.

**Q1: What did you find most helpful/enjoyable about the Forum?**

Meeting other Christians of all backgrounds.

**Q2: What did you find least helpful/enjoyable?**

The music - why does it have to be all one style of music, which quite a few people didn't really find congenial? Why 'jazz up' the last two songs, and why were some people singing them in a pseudo-American accent? Why do you think this kind of music is bringing us together? Why not vary it? In particular, it would have been good to intersperse the Orthodox session with some Orthodox music rather than what we had, we was completely inappropriate. A second point: I know this was billed as a 'listening Forum' but the lack of plenary discussion was not good. And the lack of looking into deeper issues was such a wasted opportunity. You can't paper over the cracks with what you think is a 'common denominator' style of worship, which alienates some of us even further.

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

The young adults were very refreshing. I was concerned that the Pentecostal session did not really explain the 'prosperity Gospel' more carefully, as this is so much against the Gospel teaching of forsaking everything to carry one's cross. Both this and the Orthodox session would have benefited from being longer.

**Q4: Please comment on the small groups and worship.**

I appreciated having the Orthodox prayers on Tuesday morning, and the choice of worship on Wednesday. The small groups at least should have been able to discuss the Tuesday sessions. The plenary worship was not good - see above. It is too sentimental and emotional.

**Q5: What do you think we should do differently next time?**

Be more sensitive to traditions and people who do not like the apparent 'common denominator' worship style - vary it at least from day to day. Some traditional hymns sung in a traditional way, for instance, would have been much more acceptable.

**Q6: Is it worth continuing to host large gatherings like the Forum?** Yes

**Q7: Please expand on your answer.**

The Forum is a great opportunity for people of our churches and organisations to get together, meet, talk and exchange friendship and information. These large nation-wide gatherings are immensely useful.

**Q8: Any other comments?**

More sensitivity is needed towards Churches which are not going down the path of aggnornamento. We Orthodox appreciated our opportunity to tell a little about ourselves, although the time was very limited (it could have been expanded slightly if the music had been omitted) but it would have been good to have had a follow-up question session. Perhaps you should have only one Church presentation like this at each Forum, and not try to squash two into one morning.

---

**Q1: What did you find most helpful/enjoyable about the Forum?**

The opportunity to have conversations between sessions with folks from so many different Christian cultures; the chance in the small groups to discuss in a more structured way

**Q2: What did you find least helpful/enjoyable?**

Some of the 'listening' times were pretty long. The questions to the Presidents was an example. Someone suggested a Radio4 type 'question Time' format, so we hear from panel members in discussion mode rather than presentation mode (?)

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

The talk on Orthodoxy was helpful, and it was good to be able to share with them in morning worship. The emphasis on the Holy Spirit within orthodoxy I knew about; the veneration of Mary was highlighted. Perhaps if there had been a written explanation of, for instance, why the priests were facing away from us, and started their liturgy before the hand-outs 'Morning Worship' started etc. would have helped us be in a right mind to gain from this experience. Pentecostalism - between the speakers there was a balanced description, not hiding the pitfall of a warping of God's blessing into the 'Prosperity Gospel'. Though some key issues such as the expectation of speaking in tongues by all 'born again' believers was not referred to. The chance to discuss our reactions to the 3 questions was also helpful as we were able to share our experiences and misgivings as well as preconceptions. Listening to the young adults was a reminder of how important it is for young Christians to get together, and how healthy it is when this is across denominations. I think the message from youth has been the same for the past 2 generations at least.

**Q4: Please comment on the small groups and worship.**

Small groups were a good opportunity for more debate and interaction, giving space to state individual positions. Worship - the worship team was sensitive and helpful, though some of the delegates would have preferred a wider mix of worship songs as many were unknown to some of us. There were enough good musicians to have made this possible.

**Q5: What do you think we should do differently next time?**

Perhaps more timetabled time for more intimate mixed group discussions might help us hammer out at a deeper level some of the issues arising from presentations.

**Q6: Is it worth continuing to host large gatherings like the Forum?** Yes**Q7: Please expand on your answer.**

If the gathering was smaller, who would be excluded? The more churches that sign up the more delegates will want to be involved. The more delegates from different stands of Christendom, the more conversations between these groups can occur.

**Q8: Any other comments?**

Thank you for the attention taken to dietary needs. It is so good to feel that we are catered for, and that we don't simply need to 'make do' from what is provided.

**Q1: What did you find most helpful/enjoyable about the Forum?**

The Tuesday evening session with the 12 'young people' - very inspiring, moving and challenging.

**Q2: What did you find least helpful/enjoyable?**

There was nothing I thought was bad, but I found the Presidents panel the least helpful session. I thought the ratio of hearing from the Presidents in the room and those on video was wrong and that we therefore didn't make tyhe most of having Archbishop Vincent, in particular, with us.

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

All very good. I learnt loads, which is one of the key things that makes a good event for me.

**Q4: Please comment on the small groups and worship.**

I was a small group leader and my group were a pleasure to lead. I was quite happy with the listening format, but a number of other members of the group felt that they would rather that small groups had been an opportunity to discuss meaty and perhaps difficult issues. I liked the worship. I thought Noel's band were excellent. I liked the option to choose from a wide variety of possibilities on Wednesday morningand the smaller more intimate feel of that worship experience by way of a contrast to the buzz and excitement of plenary worship.

**Q5: What do you think we should do differently next time?**

Perhaps with the level of trust and quality listening now achieved the next Forum would be an opportunity to do some issue-based work around some of the more potentially divisive issues. But it would need to be handled very sensitively so that we don't step back from the level of trust and relationship achieved to date. Is it too risky?

**Q6: Is it worth continuing to host large gatherings like the Forum?** Yes**Q7: Please expand on your answer.**

It provided great inspiration to many delegates, a chance to encounter a huge spectrum of English Christianity that many of us do not usually have, and the joy and energy that comes from a gathering of this size. It is also an excellent networking opportunity.

**Q8: Any other comments?**

Definitely the best of the 4 Forums I have been to. Really excellent vision and implementation. A big thank you to Jenny, Lorraine, Jim, Bishop Doye, Ruth Gee and all others who were the key to making it such a great event.

---

**Q1: What did you find most helpful/enjoyable about the Forum?**

Spending time with other denominations

---

**Q2: What did you find least helpful/enjoyable?**

Whilst I enjoyed the vitality of the music - the drums were too loud. A little more variety of types of music would have been good.

---

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

All three sessions were enlightening - however, the Young Adults was by far and away the best - getting to know their thoughts and seeing their excitement at Chemin Neuf.

---

**Q4: Please comment on the small groups and worship.**

The small groups were a good opportunity for everyone to contribute and time for deeper discussion. More opportunities to partake in the different worship groups would have been good.

---

**Q5: What do you think we should do differently next time?**

More varied music.  
More opportunities for shared worship.  
Meet each day in small group - not just first and last.

---

**Q6: Is it worth continuing to host large gatherings like the Forum?** Yes

---

**Q7: Please expand on your answer.**

It is so encouraging and enlightening to spend this time together and not having been to at CTE Conference for some time - I found this one to be of a more relaxed and open discussion and vision.

---

**Q8: Any other comments?**

Just a big thank you to Jenny and Lorraine for all their preparation for the Conference and work during it.

networking

**Q2: What did you find least helpful/enjoyable?**

Monday afternoon not utilised between 2.30 and 5. Presentation was over dominant form of engagement

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Importance was that they happened rather than any particular content: gave a feeling of inclusion on equal terms.

**Q4: Please comment on the small groups and worship.**

Our small group had some tensions! However, two sessions is not enough to develop dynamic properly.

**Q5: What do you think we should do differently next time?**

It felt quite driven from the platform which gave a slightly monochrome voice. Some of it needed exploring/challenging ...space needs to be given for that.

**Q6: Is it worth continuing to host large gatherings like the Forum?** Yes

---

**Q1: What did you find most helpful/enjoyable about the Forum?**

The informal discussions over mealtimes were in some ways the most beneficial

---

**Q2: What did you find least helpful/enjoyable?**

The Q&A with the presidents I felt was a missed opportunity, with a lack of depth and challenge in many of the questions.

---

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Orthodoxy: excellent. A very helpful preantation. Pentecostalism: the case studies seemed to steer discussion and comments towards a negative attitude to Pentecostalism from the start. Compared to the rest of the Forum, it was a jarring note.

---

**Q4: Please comment on the small groups and worship.**

Small groups - good, but more room for discussion and debate would have been good. Worship - I appreciated Noel's worship leading greatly.

---

**Q5: What do you think we should do differently next time?**

I would allow more space for interaction in the marketplace, and give greater scope for discussion of difficult topics.

---

**Q6: Is it worth continuing to host large gatherings like the Forum?** Yes**Q7: Please expand on your answer.**

It is encouraging to hear of initiatives from across the country, and the opportunity to meet and interact with so many people, representing so many areas and churches, is invaluable.

**Q1: What did you find most helpful/enjoyable about the Forum?**

It seemed much more inclusive and the programme much more effective than one I attended in 2009. Enjoyed opportunity to exhibit our organisation.

**Q2: What did you find least helpful/enjoyable?**

Not much!

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

I enjoyed all (although I had to leave before the Young Adults). I liked the way these were presented using a variety of speakers.

**Q4: Please comment on the small groups and worship.**

Enjoyed my small group. Thought worship was OK. I would have been happy not to keep repeating choruses but appreciate that it's impossible to find something to suit all.

**Q1: What did you find most helpful/enjoyable about the Forum?**

Meeting with Christians of different traditions.  
 Gaining new understanding of those traditions.  
 Hearing from young people about their hopes & dreams.

**Q2: What did you find least helpful/enjoyable?**

There was nothing I found unhelpful or not enjoyable.

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Excellent speakers helped me to learn about, value, and respect these faith traditions.

**Q4: Please comment on the small groups and worship.**

Small groups enabled good discussion and reflection. Well facilitated.

**Q5: What do you think we should do differently next time?**

This was the first Forum I've been to and thought it was so good that I find it difficult to suggest what could be done differently.

---

**Q1: What did you find most helpful/enjoyable about the Forum?**

The diversity of attendance/participation.  
Learning about the orthodox tradition.  
Interaction with friends old and new.  
Excellent food and accommodation.

**Q2: What did you find least helpful/enjoyable?**

The presidents' panel - bland, merely saying the blindingly obvious.

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Orthodoxy and Pentecostalism - good, but would have liked longer sub-sections to introduce the subjects. We needed more information, statistics and illustration.  
The young adults section was fine in providing a snapshot, but only touched the surface of the issue of young people in the church.

**Q4: Please comment on the small groups and worship.**

Our small group was good, though very (too)small in number. Ian Smith was a good facilitator.  
I know Noel Robinson and enjoyed the worship, but it was very uniform in style, which was not to the liking of some of the Catholics and Orthodox folk, which I understand.

**Q5: What do you think we should do differently next time?**

More varied worship styles.

**Q6: Is it worth continuing to host large gatherings like the Forum?** Yes**Q7: Please expand on your answer.**

Conferences like this require huge amounts of organisation, time and money, but are very worthwhile, especially since they happen only every three years.

---

**Q1: What did you find most helpful/enjoyable about the Forum?**

The youth, hearing from a variety of Churches

---

**Q2: What did you find least helpful/enjoyable?**

Having the music drown out conversation. While I enjoyed the Presidents' session, I felt more could have been made of it.

---

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

All excellent. For the Orthodoxy and the Pentecostalism I would have liked a little bit more theology. Young Adults were simply superlative.

---

**Q4: Please comment on the small groups and worship.**

Small group - enjoyable; worship fine. It was good to have worship interspersing everything. But I would have made the use of music more gentle for calling us back from buzz groups. Sentences and thoughts had to be left hanging simply because we couldn't compete with the noise. It felt as if there was a false assumption that what was being said was without value and could simply be dumped.

---

**Q5: What do you think we should do differently next time?**

Give more time to interaction with the floor at Presidents' session

---

**Q6: Is it worth continuing to host large gatherings like the Forum?** Yes**Q7: Please expand on your answer.**

I think a national event is absolutely vital to stimulate and set the tone for ecumenical life in the nation. It is essential to keep this level of ecumenism alive. Local or regional ecumenism, while indispensable, will never on their own produce Christian unity.

---

**Q8: Any other comments?**

Only to underline the necessity of high level national events. We need, also, to continue with the agenda of getting to know one another - and to know what we really mean by what we say. For instance, the Orthodox love for Mary Theotokos was thought by some to be a form of worship or adoration, which it simply isn't, however strong the emotions involved. We need space, therefore, to ask with respect, hard questions and the humility to be able to hear the answers. A facilitated conversation on these lines may be useful.

**Q1: What did you find most helpful/enjoyable about the Forum?**

Helpful: the information about Orthodox and Pentecostals.

Enjoyable: the friendliness of everyone I spoke to: sharing, and listening to each other

**Q2: What did you find least helpful/enjoyable?**

The lack of time between sessions/meals/sessions; we seem to be rushing all the time; especially difficult for those needing medication before meals e.g. insulin

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

I enjoyed them all, but a comment on the evening meditation during Young Adults slot: if you were visually impaired you would have been excluded as they were only available to read (not read out or voice overed)

**Q4: Please comment on the small groups and worship.**

Small groups: very good and well led but again rather rushed.

Worship: Enjoyed this but found the music group playing as we finished our "discuss with neighbour" and before sessions rather loud.

**Q5: What do you think we should do differently next time?**

Cut down slightly on number of sessions to allow a little longer on fewer ones.

Make sure there is more diversity in terms of disabilities; I saw no wheelchair users, profoundly deaf, blind or severely visually impaired people. These are represented in our Churches, why not at Forum; do we need some positive encouragement for them to come, like for young people?

**Q6: Is it worth continuing to host large gatherings like the Forum?** Yes**Q7: Please expand on your answer.**

It gives a real sense of how diverse our Christian Church is in England and worshipping together, eating and talking and listening together helps us understand more, which is the first stage in working together

**Q8: Any other comments?**

The forum seemed to go very well; if there were problems they didn't impact on most of us. Well done! It has energised me to try to energise the denominational and local groups I am on.

Helpful: Increased insight into the Orthodox traditions. Enjoyable: Meeting friends old and new.

**Q2: What did you find least helpful/enjoyable?**

The need for so much sustained concentration listening to the platform, with little opportunity to engage with what was being said. Two minutes with the people next to you is not a good formula. Very tiring.

---

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Constant reference to the team of 12, as though they were the only young people of value present. Unfair on the other young people attending

Young adults session was great, but the focus was heavily focused on a particular special shared experience, it would have been valuable to hear from the average young person in the pew.

**Q1: What did you find most helpful/enjoyable about the Forum?**

Friendliness of the other delegates and the generosity of such a beautiful location, delicious food and acceptance of everyone. It had a positive feel, however this had a flip side, please see next answer...

**Q2: What did you find least helpful/enjoyable?**

Seemed to avoid the difficult issues. Why gather 6 of the most influential Christians in the country and ask them what their favourite Bible verse is?! Much more important things to talk about and would have felt more real to acknowledge the 'elephant in the room' regarding how to deal with the fundamental differences between our churches.

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Orthodoxy - interesting, made me want to explore more. It had a positive feel to it but it would have been nice to talk about the difficulties too.

Pentecostalism - interesting but felt it was more negative. The questions to discuss almost seemed to highlight the negative views people may have about Pentecostalism, would have been nice to hear a bit more about the positive aspects.

Young adults - great enthusiasm. The rest of the conference seemed to focus on how to be church together, the young people just focused on how to be church and there was a presumption we would do it together because why wouldn't we?! One lady I know of got offended because there she felt there was no acknowledgement that churches and church leaders were trying their best but that's just the enthusiasm and honesty of young people who want to try and change the world. Perhaps we should all have that?!

**Q4: Please comment on the small groups and worship.**

Everyone listened to each other, it was very affirming. The Wednesday morning worship was great, I went to the Iona worship. Noel Robinson was fab but I'm not sure you had as much worship as you think you did. There were very few songs that everyone sung as worship, most of it came as we were arriving, leaving or coming out of buzz groups and wasn't, in my opinion, proper worship as it was hard to focus in on God in those circumstances.

**Q5: What do you think we should do differently next time?**

Put some kind of sign up saying to put your mobile on silent. I don't think there was a single session that wasn't interrupted by a mobile, so disrespectful! Also, the presidents panel, get to the more serious and important questions sooner. I know that Justin Welby had a prior engagement but hearing someone say that unity is vital from a pre-recorded video because he wasn't actually there is slightly ironic! The presidents need to commit to it to give it validity. Plus, if I'm being honest, subtitles for President Gregorius would have been helpful!!!

**Q6: Is it worth continuing to host large gatherings like the Forum?** Yes**Q7: Please expand on your answer.**

I found it worthwhile but I do believe there's a danger we overcomplicate ecumenism and there must be a truly pragmatic element to these things.

Just thank you

**Q1: What did you find most helpful/enjoyable about the Forum?**

Clear instructions in advance. The two papers on orthodoxy and Pentecostalism on the website were very helpful for preparation. The music. The food and the very helpful staff, both CTE and Swanwick. Good website information.

**Q2: What did you find least helpful/enjoyable?**

The empty space between 2 PM and 4:30 PM on Monday.

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

All three were good and worthwhile. It was good to have those two papers to read in advance. Good to experience the style of orthodox morning prayer.

**Q4: Please comment on the small groups and worship.**

The small-group very good to share in depth and pray together. The worship was good and uplifting (2 RC Masses and praise in the hall).

**Q1: What did you find most helpful/enjoyable about the Forum?**

Opportunity to meet with Christians from a variety of traditions and from all over England

---

**Q2: What did you find least helpful/enjoyable?**

I felt that there wasn't much opportunity to produce practical outcomes of the conference

---

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

I thought that all three of these were very good, informative and well presented. It would be great if the Young Adults session wasn't necessary in 10yrs time because of young adults being present and active in every part of CTE. It would have also been helpful to hear Orthodoxy and Pentecostalism's thought on the future direction of ecumenism in England rather than just the challenges and opportunities facing them as a denomination.

---

**Q4: Please comment on the small groups and worship.**

The opportunity to listen and speak without interruption was great but we had almost identical conversations in the two group times. The worship was good but I would have appreciated more time in prayer across the whole conference since it was a listening conference.

---

**Q5: What do you think we should do differently next time?**

More prayer. More opportunity for groups/individuals to feed back vocally in a plenary rather than just in writing.

---

**Q6: Is it worth continuing to host large gatherings like the Forum?**

Don't know/prefer not to answer/my answer is below.

---

**Q7: Please expand on your answer.**

I think there is some amount of confusion about the purpose of ecumenical efforts in this time and place. It was therefore very good to have a listening conference where we attempt to discern God's will in dialogue with each other. If the focus of ecumenism going forward is missional then the gathering would only be worthwhile if they were equipping, resourcing and facilitating in a way that nothing else was already doing. If the focus of ecumenism going forward is closer union through theological agreement then the gatherings are only useful if it's possible to make progress. If the conference is just for encouragement and inspiration that's great but in my opinion it needs to have clear aims and a strong sense of purpose to engage young adults.

Meeting people from different walks of life.

The programme, which I felt lacked substance.

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

It was interesting to hear from different traditions, but I was sorry not to have any time to ask questions or go a bit deeper.

**Q4: Please comment on the small groups and worship.**

Fine.

**Q5: What do you think we should do differently next time?**

Be more challenging! Fewer questions like, "Is unity important?" and more about difficult issues like the Eucharist, same-sex marriage, divorce, and so on.

**Q6: Is it worth continuing to host large gatherings like the Forum?** Don't know/prefer not to answer/my answer is below.

**Q7: Please expand on your answer.**

I would say if it isn't worth continuing events if they are the same as the one we experienced this week. I think it is worth meeting together in large forums, but not if it's just to gloss over the difficulties of unity.

**Q1: What did you find most helpful/enjoyable about the Forum?**

Spreading the forum's wings to include orthodox and Pentecostal and especially young people.

---

**Q2: What did you find least helpful/enjoyable?**

The presidents' panel – perhaps I was tired! However, individual presidents said some very helpful things at other times.

---

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

All good. Young adults, of course, most emotionally engaging. Briefing is helpful.

---

**Q4: Please comment on the small groups and worship.**

My small group listened well – was thought-provoking and helpful.

**Q5: What do you think we should do differently next time?**

Give a little time for the violin on its own. But the music was wonderful and well led by Noel.

The music group – sorry, I did not share the general enthusiasm. Too loud, too repetitive.

I arrived after O and P. I was not a static as many others about the young adults session. The best contributions were good, but some were quite trite, I thought.

---

**Q1: What did you find most helpful/enjoyable about the Forum?**

Meeting people from different traditions, learning from them, and hopefully them from me.

---

**Q2: What did you find least helpful/enjoyable?**

I think the Panel discussion of the final session felt flat.

---

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Orthodoxy: a good introduction. I appreciated the different voices and came to appreciate some of the subtle differences within Orthodoxy as well as without.

Pentecostalism: another good introduction of a tradition I know something about as an interested outsider.

Young People: I feel that to hear the voices of The Twelve who had been on a Summer excursion while not giving platform time to young denominational representatives (of which there were plenty) was a serious omission. It had the feel of Show and Tell about it when it could have been a more serious engagement with the place of young people within denominations and the ecumenical movement.

---

**Q4: Please comment on the small groups and worship.**

Small groups: good, well facilitated (Lutheran General Secretary)

Worship: I can see how some might have thought it a little too samey (sung worship by the band more or less each time) Though it was right up my street and Noel is very talented.. The Orthodox prayers were interesting as an experience, though not necessarily engaging for me. Quaker morning prayers were a breath of silent fresh air for me. Bearing in mind that these are opportunities to share traditions with which we are unfamiliar, maybe more variety in the corporate times of worship would have been good.

---

**Q5: What do you think we should do differently next time?**

Stay with the variety of voices and work towards some wider purpose. It doesn't have to be one of the old chestnuts (i.e. sacramental unity) but I have in mind more of an ecumenical parliament leading to some concrete change (even if only small).

**Q1: What did you find most helpful/enjoyable about the Forum?**

I loved making connections with people from different traditions, hearing from the young people and the Presidents' slot.

**Q2: What did you find least helpful/enjoyable?**

Perhaps feeling a little rushed - but not much.

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Orthodoxy and Pentecostalism - this was a good learning time and I gained an appreciation of the vitality and traditions of both. I liked the breakdown of speakers because although a few didn't appear to be as prepared as others, they didn't speak for long!

**Q4: Please comment on the small groups and worship.**

I really enjoyed the small group - could perhaps have had another slot? loved the worship and particularly the music

**Q1: What did you find most helpful/enjoyable about the Forum?**

Being together with, and hearing the views of so many committed Christians from diverse backgrounds.

---

**Q2: What did you find least helpful/enjoyable?**

I found the music rather loud and too repetitive. It did not reflect the diversity of the whole group. It could have been used to reveal typical characteristics of denominations and to create varied atmospheres.

---

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

I would have welcomed more information on Orthodoxy and Pentecostalism - had there been time.

---

**Q4: Please comment on the small groups and worship.**

OK, but I would have preferred to have shared on:  
want to remember and take with you?

a) What impressed you, that you particularly

b) What seemed to you to be missing, or about which you'd like clarification?

---

**Q5: What do you think we should do differently next time?**

When various speakers addressed us from the platform, I found it rather continuous and would have appreciated moments of silence from time to time, to reflect and note down points to be remembered for later group sharing - omitting turning to speak to those near you.

**Q1: What did you find most helpful/enjoyable about the Forum?**

The enthusiasm of participants from a wide spectrum of age and ethnicity.  
I really like the visuals on the walls in the conference room and the banner and the flowers.  
I liked the marketplace.

**Q2: What did you find least helpful/enjoyable?**

The volume of the music from the worship band was way too loud for me. I could not stay in the room.  
I am always sad that Swanwick does not have access to a bath but I know everyone else prefers showers!

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Orthodoxy - thought this was informative and engaging  
Pentecostal - simillarly. I thought you had made a good choice in having a variety of participants/ buzz groups lest people find one not so good.  
I missed Young Adults as I had to rest.

**Q4: Please comment on the small groups and worship.**

I appreciated the small group, felt the numbers were right and the listening format worked. We could have met more than twice.  
I enjoyed my worship workshop on psalm writing but it was very short.

**Q5: What do you think we should do differently next time?**

All fine.

PAGE 1: This evaluation will help us to plan future Forums.

**Q1: What did you find most helpful/enjoyable about the Forum?**

1. The diversity of the participants, especially the high number of Orthodox, Pentecostal, Charismatic and independent church members;
2. The solid input from the Orthodox contingent;
3. The young people's session on the second evening - so uplifting and moving at times;
4. David Cornick's excellent theological reflections;
5. Small group discussions on first and third day, with their clear ground rules;
6. Catching up with friends over meals and breaks;
7. Denominational meeting (URC) was helpful;

**Q2: What did you find least helpful/enjoyable?**

1. Very packed programme, especially on the final morning, with little time to clear the room; also because breakfast was served a little later than usual;
2. It might be useful to shift the Wednesday's worship to after breakfast (?);
3. I found the constant 'buzzing' times, especially by the end of the second day, extremely tedious! These weren't helped by the loud music played as a warning to stop talking;
4. The fact that there wasn't any constructive Q&A times built into any of the sessions! Instead of buzzing, we should have had some Q&A times during the sessions and to hear the views of participants during the plenary sessions;
5. As a result, I felt very patronised by the 'answers' that two panel speakers 'gave' during the Pentecostal session; in fact I knew some of the answers but my question was meant to draw out the discussion for the benefit of others at the Forum;
5. Too much input; insufficient engagement;
6. The Presidents' session was most bland and anodyne - simply a waste of time; what did they say that we did not already know?
7. Session chaired by Bp Foster was pretty dismal - only saved by David's theological reflections!
8. I didn't benefit from the Poet in Residence; she could have said something on the second day;

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Orthodoxy: Very good interesting input, not dismissing Tradition but cherishing it; refreshing to hear from the different branches/members; Nicola's session was particularly good and personal, and thanks to the visuals.

Pentecostalism: I have mentioned the lack of engagement to my question; theologically deficient session and the fact that Pentecostals and Charismatics are 'lumped' as one; there has traditionally been too much emphasis on Black [I mean 'ethnic', not 'political' Blackness]Pentecostals/charismatics at the EXPENSE of Latin America, East and South East Asia.

Young Adults: I almost didn't want to attend after that appalling afternoon session with the Presidents, but thought we should give the young people a chance. Needless to say, it was the highlight of the Forum!

**Q4: Please comment on the small groups and worship.**

As mentioned before, the small groups had very firm ground rules that meant, theoretically at least, each one got a chance to speak and not be interrupted. My group felt that there should have been a similar discussion on Tuesday. However, on saying that, I personally felt that the three questions posed to the small groups were slightly wooden and could be rather constricting.

Worship was alright. Tuesday morning prayer was interesting, having experienced it and then explained to by Fr John during the Orthodox session. I attended the Quakers on Wednesday morning.

Apologies as I had to miss the Final Worship.

---

**Q5: What do you think we should do differently next time?**

1. Build in proper Q&A times during sessions; please cut down on the buzzing times as they became increasingly tedious;
  2. More variety in terms of hymns and songs, perhaps to include tunes and words from Latin America, East and South East Asia. John Bell (Iona Community) and Dr Lim Swee Hong (Toronto University) would be good advisers for such matters.
  3. Possibly start earlier at around 2.30 pm on the first day, to allow more breathing space for participants;
  4. Less input, more engagement, please;
  5. I felt there was a fair dose of Christian triumphalism, especially through some of the repetitive songs. Does 'oikoumene' not behove us to consider ecumenical and inter-faith issues?
  5. Is there any way of negotiating with Hayes Conference Centre about how we waste less food?
- 

**Q6: Is it worth continuing to host large gatherings like the Forum?** Yes

---

**Q7: Please expand on your answer.**

Definitely!

This is a triennial forum and NOT a waste of resources in my view. It's such a good opportunity to meet others on the ecumenical journey and hopefully more local church leaders and ordinary church members could attend in future;

---

**Q8: Any other comments?**

Being my first CTE Forum, I would rate it around 6.5 out of 10. Well done to all who planned and worked hard for the Forum. Happy to assist if needed for 2018.

---

**Q1: What did you find most helpful/enjoyable about the Forum?**

Talking, Talking, Talking.

It was a great encouragement to meet with & talk to so many different people. Slightly different emphases but all united in Christ.

---

**Q2: What did you find least helpful/enjoyable?**

Slightly rushed discussion groups before we were called back to attention. The buzz around the room just got louder & louder as the Forum progressed.

---

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

What a wonderful opportunity to hear a little from these groups. For the first two the mix of speakers was good but we hardly touched on the great diversity within these groups themselves - so it was an interesting taster which could be taken up later with the delegates themselves. The Young People received a lot of praise ( quite deservedly) however it would have been nice if they could have been at the whole forum - or at least a greater part.

---

**Q4: Please comment on the small groups and worship.**

A good mix in the small group - some didn't see things as positively as I did - but in reality it was just two sides of the same coin when you examine it more closely.

---

**Q5: What do you think we should do differently next time?**

Perhaps an earlier start so that the discussion times mentioned in item 2 could be slightly longer.

---

**Q6: Is it worth continuing to host large gatherings like the Forum?** Yes**Q7: Please expand on your answer.**

How else will we share our hopes and dreams with so many. An example of a glitterball was used at Forum, I prefer to think in terms of the church being a diamond and we all, through our experiences, reflect a different facet of the whole of God. Father, Son & Holy Spirit.

---

**Q8: Any other comments?**

Perhaps the greatest thing for me was the realisation that, in all the major areas, I could have written any of the papers presented. Of course there are differences but there is more that unites us than separates us. The passion of the speakers spoke more than words - giving a reminder that we should "preach the gospel whenever we can and if necessary use words".

---

**Q1: What did you find most helpful/enjoyable about the Forum?**

Sense of warmth and unity

---

**Q2: What did you find least helpful/enjoyable?**

Not enough time to discuss - too much time given over to listening and probably too much time given to hearing the things folks appreciated about their denomination - perhaps we are getting to a point of maturity to wrestle with some of the more difficult areas

---

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Pleased to learn more about the Orthodox tradition, not enough time given to exploring Pentecostalism or wrestle with the big issues concerning Prosperity etc. most people reported the same. Young Adults aspect was encouraging but be good to have them on board in the journey and sat around the table rather than a token feedback.

---

**Q4: Please comment on the small groups and worship.**

Overall positive about small groups, Noel did a good job of being him while being accessible to all.

---

**Q5: What do you think we should do differently next time?**

PA was poor (im sure the tech team did their best) but constant phones being picked up in interference, mics making too much noise or not enough, levels not set properly etc honestly it was very poor. A note on the slides or from the front to invite folks to turn their mobiles off or to silent would avoid them going off in each session which they did. In terms of format, I would welcome more time to discuss / pray together and think more deeply about mission and evangelism - the future doesn't have a church unless we are committed to seeing people come to know Jesus and I believe we should be sharing testimony and ideas around this especially as we are in a pluralistic and post modern society - what do we believe about truth outside our church or building?

The General Secretary's Report format incorporating regional Ecumenical Groups is novel and informative. The sessions punctuated by melodious songs was spneid.

Great mix of the old and newer traditions of Christianity. It proved that we all can derive advantage from each other. In many churches young people are not allowed to express their minds loud, so it was a real and important sign for those who keep them silent.

We were full of emotions, energy and thoughts after each session, so it was necessary to express ourselves and share it on regular basis.

**Q1: What did you find most helpful/enjoyable about the Forum?**

The opportunity of meeting so many friendly and interesting people and to talk to them informally in a relaxed and comradely setting

**Q2: What did you find least helpful/enjoyable?**

The feeling that the formal sessions of the forum were being stage-managed to avoid open discussion and controversy. Too little opportunity for the platform speakers to 'listen' to the rank and file participants.

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Orthodoxy and Pentecostalism fine. Young adults session felt a bit thin and bland.

**Q4: Please comment on the small groups and worship.**

Worship excellent. Questions put to the small groups ("What did you hear, what challenged you, what excited you?") arguably more suitable for an (Ignatian?) Gospel enquiry. No proper opportunity for feedback.

See under 2 and 4 above.

IT a bit clunky. Difficult to find online all the information one needed when one was actually there without scrolling back endlessly through old emails (and sometimes not even then.)

**Q1: What did you find most helpful/enjoyable about the Forum?**

Meeting new people who also have ecumenical hearts. Learning about different traditions and meeting folk from them, especially Lutherans.

The inspiring and challenging comments from some of the speakers.

---

**Q2: What did you find least helpful/enjoyable?**

The music - it was OK on Monday but by Tues and Wed far too loud and repetitive.

They were a good band but maybe needed more direction & management?

---

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Orthodoxy - interesting and informative

Pentecostalism - interesting and informative

Young Adults - very impressive, inspiring and challenging. The best session of the forum.

---

**Q4: Please comment on the small groups and worship.**

My particular small group was disappointing (and short of members). Too small maybe? (4 or 5 of us)

Worship - Orthodox was fascinatingly different if remote

Agape - profound and moving.

Poetry (closing session) creative and inspiring

---

**Q5: What do you think we should do differently next time?**

Have a wider variety of music - to reflect the ecumenical variety we embrace!

---

**Q6: Is it worth continuing to host large gatherings like the Forum?**

Yes

**Q7: Please expand on your answer.**

I came 3 years ago and found this one far more rewarding. great to have so many younger people and a wider range of traditions involved. A valuable exercise in mutual understanding and appreciation.

---

**Q8: Any other comments?**

Thank you for all your hard work.

I had a wonderful time and was inspired to move faster and harder on relating to New Churches, Pentecostals and Orthodox than previously.

I was also inspired by the accounts of church leaders prayign together for the mission of their town, and the integration of some of the newer and more traditional church groups (e.g. Billy Kennedy and the Methodists)

All informative and helpful. The Young Adults were particularly impressive with their willingness to share and evident commitment

Small group did not work as 5 people were not present for the second session  
Worship ranged from fine to excellent - but the music was inappropriate for the Orthodoxy session!

Tailor the worship/music more to the sessions?

Meeting and worshipping together continuously throughout the 3 days. Connecting with old contacts and making new ones.

The sound system needs improvement.

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

The presentations on Orthodoxy and Pentecostalism were very enlightening and helpful. The young people exposed how much we have ignored the value and needs of our Christian youth. Time is now to change this error!

Always good to meet in small groups, everyone can contribute, it is possible to learn more about each other.

**Q1: What did you find most helpful/enjoyable about the Forum?**

I enjoyed meeting and sharing with people from many varied backgrounds. I appreciated the contributions of the Orthodox, Pentecostals and Young People.

**Q2: What did you find least helpful/enjoyable?**

I realise that this was meant to be more a time of discussion rather than of decision making and perhaps it could not be otherwise. I wonder about the outcomes and what difference our discussions will make in practice.

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

These were informative and useful.

**Q4: Please comment on the small groups and worship.**

There was a long interval between the first and second meetings of the small groups - some in my group did not turn up for the second meeting. Noel Robinson and his band gave a good musical lead.

**Q5: What do you think we should do differently next time?**

A broader range of musical style would be good. Whilst I appreciate the wish to save on paper, it would be useful for some if paper copies of the programme were available.

The presidents questions. I'm not really sure in many cases they said anything we hadn't already heard and the video links at times were very difficult to hear.

All were good. I found the Orthodoxy one interesting but too theoretical.

**Q4: Please comment on the small groups and worship.**

Small groups were good and a good space to hear what others thought. I found the worship very good my only comment was that it did get a bit repetitive singing some things over and over.

Not have such a big gap on the first afternoon. There seemed a long time of folks not sure what they should do.

**Q1: What did you find most helpful/enjoyable about the Forum?**

The opportunity to network with others, and share ideas. Was also very informative.

**Q2: What did you find least helpful/enjoyable?**

I had to wait 3 years since the last forum ;-)

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

It was very interesting to hear about Orthodoxy, whom I had very little knowledge of before. It could have been useful to take the discussion further in terms of modern issues of Orthodoxy in the UK and how other churches can engage with them better - e.g. issues of language barriers, theology.

I'm more familiar with Pentecostalism but good to have that debate. Not all Pentecostals hold to 'prosperity teaching'.

Good to engage with young people. Interesting that the threshold of 'young' was 35 - much higher than usually used. Natural that this group needed encouraging to attend as mostly leaders, by the time they get engaged at a national level like this will have often passed into the next stage of life. Is a Mon-Wed conference the best time to engage with those often having young children? Maybe another sort of event would be more helpful to them?

**Q4: Please comment on the small groups and worship.**

Small groups a useful way of gathering feedback and discussing the issues further. 1st session with these perhaps too early to start asking questions on what we had heard - which at that stage was only 1 session. Would a slightly smaller size give more time for all to contribute?

Worship with Noel was good. The Orthodox prayers were enlightening, although it isn't something I could easily connect with on a regular basis. I couldn't say 'amen' to every prayer due to some of the theology presented, and of course that is part of the ongoing debate.

**Q5: What do you think we should do differently next time?**

Double sided badges so we're not walking round with blank labels half the time!

There is a lot crammed into a short time but I guess there's no easy way round that.

It was good that we had video messages from those presidents who couldn't attend, but if they could make it in person that would be even better.

We perhaps skirted around the issues of theology and how we wrestle with the differences. An opportunity to engage with this at a deeper level would be helpful.

The 'Gather' grouping was mentioned, and we need to be careful that there are not two parallel unity groups that never interact. More cross-linking and engagement with other groups such as Hope, the EA, FIEC, Bodies in Association.

And one thought which is perhaps 'tongue in cheek' - I thought at the end of it - what would happen if we just got on and took communion together? We're on neutral ground at the Hayes - and even if it meant that we had separate serving points for the different denominations, at least it would be happening in the same room at the same time!

**Q6: Is it worth continuing to host large gatherings like the Forum?** Yes**Q7: Please expand on your answer.**

It is important that we continue to wrestle with the issues. I wonder whether every 3 years is often enough? (Although I know it takes a lot of organising.) Or maybe other forms of engagement could be instigated - e.g. regional?

**Q8: Any other comments?**

Thank you team for all the hard work putting it on.

**Q1: What did you find most helpful/enjoyable about the Forum?**

There was much that was enjoyable: the general mood which honoured and accepted everyone; the quality of the inputs, which seemed just right for the participant mix; the pace of the event; the mixture of sessions; the young people were a highlight, but did not stand out massively above other sessions.

**Q2: What did you find least helpful/enjoyable?**

There was nothing that jarred

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

These were helpful, and in each the variety of speakers and inputs helped the engagement with the relevant sessions. The contributions were received respectfully and contributed to that sense of willingness to listen to one another.

**Q4: Please comment on the small groups and worship.**

I found both the small group sessions of value - an interesting mix of individuals and backgrounds. The worship sessions were excellent.

**Q5: What do you think we should do differently next time?**

Difficult to make suggestions, though just a repeat is not feasible

'Listening to young adults'

---

**Q2: What did you find least helpful/enjoyable?**

The music group. (Sorry!)

---

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Orthodoxy: Excellent. (It would have been good to have heard some Russian Orthodox singing after that)

Pentecostalism: Interesting; would like to have heard more of the critical thinking, which was rushed though with no time to read what was shown on the screen)

Young adults: Stimulating and encouraging - everything about that session, including their preparation and their care for one another.

---

**Q4: Please comment on the small groups and worship.**

Our small group was really good. We grew together. The quiet worship at the end of the first session was a lovely quiet and simple balance to the big 'public' worship events.

As Sheila and I led one of the Wednesday morning services, I can't comment objectively about that - except to say we enjoyed doing it and it seemed to be well received.

---

**Q5: What do you think we should do differently next time?**

I liked the 'listening' emphasis, but wonder whether it could have been arranged differently. I haven't thought how yet. But the buzz groups seemed a bit rushed, and important contributions were drowned by the music group's abrupt intrusions. Only the young adults thought to ensure we weren't sitting with people we knew, thus ensuring different and more interesting conversations as far as I was concerned. The small group conversations were excellent, with helpful minimal questions to get us going.

---

**Q6: Is it worth continuing to host large gatherings like the Forum?** Yes**Q7: Please expand on your answer.**

I feel these gatherings are essential if we are going to go on having the interactions we need, between denominations, bodies, etc, and between leaders and the general church populations.

**Q1: What did you find most helpful/enjoyable about the Forum?**

Liveliness of the Forum, the input of the Young People felt like a breath of fresh air. Presentation of ecumenical projects, like Birmingham, Cumbria, etc. The breadth of presentation from Orthodoxy to Pentecostalism, the many personal conversations; rules during group sessions allowed everyone to express themselves. The title of the Forum was well chosen.

**Q2: What did you find least helpful/enjoyable?**

Denominational meeting felt a bit stiff - seating?  
Market place

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Was very interesting. It was a fantastic experience to hear Orthodox and Pentecostals explain who they are. Very good to hear the young people.

**Q4: Please comment on the small groups and worship.**

Small groups: Good to allocate time to each one of us and to encourage no comments. RC worship could have been more inclusive perhaps.

**Q5: What do you think we should do differently next time?**

We ended up speaking to the same people in our small groups in the hall, perhaps it could have been facilitated to change partners a little more. Perhaps get people together in interest groups, i.e. LEPs, CEOs or in local area groups to help carry forward the legacy of a Forum

It is a very worthwhile ecumenical experience especially for people who have never attended before. It provides us with an experience of unity in diversity. **Q8: Any other comments?**

As an Ordinand of the Church of England in my third year of training, and after many years of discernment I am very much Church of England. However, after a 48-hour forum I returned to college being rooted in my Christian faith in a way that goes beyond mere denominational boundaries.

So often the Church of England is guilty of creating what the last Bishop of Oxford John Pritchard would describe as 'church-craft', as of course other denominations do also. Church-craft is an all-consuming obsession that the Church of England finds itself mercy to, it distracts many from the work of the church. Quinquennials, rotas, parish boundaries, deanery boundaries, diocesan boundaries, licences, meetings and much much more contributes to the life of the church, taking up time and moving the church into a direction that it never intended to go.

The forum however gave a very refreshing view that went beyond mere church-craft, and looked to the heart of the gospel. Ecumenism is a wonderful opportunity for all denominations to look beyond the mere functions and in-jokes of its gatherings, and looks to the cause of the gatherings, Jesus Christ; the outcast, the accused, the disenfranchised, the scapegoat. The Christ that binds us, is so often better found in the gaps where our individual denominations fail to meet and sometimes where our denominations overlap.

Ecumenism reminds us to look beyond the conventions that our own individual churches create due to the fact that we are only human, and it calls us to look to what we all endeavour to hold but of course can never manage; the mystery of Christ and his call to serve. The act of dialoguing and the practice of ecumenism is essential in order to develop in our theologies and our understandings of God.

Really enjoyed particularly the orthodoxy session. I didn't know much about that tradition but was already a little familiar with Pentecostalism and the needs of Young Adults.

**Q4: Please comment on the small groups and worship.**

Only got to the second small group, but I really enjoyed it. The worship I thought was a good balance. Noel was able to be himself, but also was clearly careful not to alienate those from different traditions. I thought they did really well.

**Q1: What did you find most helpful/enjoyable about the Forum?**

Experiencing the worship of other traditions (Pentecostal, Orthodox & Quaker) as well as hearing them present themselves. Meeting such a variety of people from different churches. Meeting old friends from previous Forums.

**Q2: What did you find least helpful/enjoyable?**

Whilst I enjoyed the music I found it too noisy and this deterred from it being prayerful. I did not find the buzz groups helpful during the talks as I couldn't digest everything so quickly to have a worthwhile conversation. I was disappointed at the Presidents' panel. The theme of the Forum was Churches listening but this wasn't a listening exercise but us being talked to by the leader. It would have been better with groups of questions from the floor so that the answers were not scripted but spontaneous and there was an opportunity for follow up questions.

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Orthodoxy was excellent. Very good presentations. The Methodist was particularly helpful as she showed how a tradition so different was enriching. Pentecostal input also good especially the acknowledgement of the danger. This enabled me to listen uncritically and openly. Young people inspiring and filled me with hope but also challenged me.

**Q4: Please comment on the small groups and worship.**

Two sessions is not enough for the small group to be meaningful. It takes time to build up trust. Worship - enjoyed the praise but as above - too loud. Would have been better with less amplification. Poetry was good at the end - very moving.

**Q5: What do you think we should do differently next time?**

I have been to Forum a number of times. Each time it was excellent: challenging, stimulating and very worthwhile

**Q1: What did you find most helpful/enjoyable about the Forum?**

Seeing colleagues and developing ideas/plans. Familiar worship together. It was all good!

**Q2: What did you find least helpful/enjoyable?**

Hard to say ... some of the reflections on ecumenism felt a bit navel-gazing - I think most participants would say they are there to serve God and bring him glory, not to work on ecumenism per se. On that note, there were some queries in the final small group and "gathering threads" session as to what it was for, what do we expect to achieve or change, specifically, after Forum.

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Fantastic! I enjoyed engaging with these Churches in a way I had never done before. The young adults were challenging and energetic - but there is no reason why we cannot all be a bit more energetic, and they do not need to be put in a separate category of their own, they are not the Church of Tomorrow they are the Church of Today!

**Q4: Please comment on the small groups and worship.**

Worship was familiar and helpful. I wonder if it would have felt as familiar to all participants, as it was all of a certain kind, and some commented that it was quite loud/"heavy". Small groups were very helpful and a good way of processing what we heard in plenary. However they were too long and infrequent, especially as many of the plenary sessions included times breaking into 3s or 4s to discuss. I think perhaps shorter small groups after each session might be better, if logistically possible.

**Q5: What do you think we should do differently next time?**

Allow the Presidents to answer questions from the floor, to make a real conversation.

**Q6: Is it worth continuing to host large gatherings like the Forum?**

Yes

**Q7: Please expand on your answer.**

Many good things, as I mentioned in previous answers. I think that the "purpose" of Forum should be clearer especially to those who are not familiar (eg Enabling Group, Ecumenical Officers), and to set it in the context of Enabling Group, CTE's Board of Directors, etc, so that people know what they can expect to have happened by the end and how the content/"threads" that were gathered up will be taken on in future.

**Q8: Any other comments?**

Perhaps each President should meet with his/her constituency instead of/alongside the Denominational meetings.

**Q1: What did you find most helpful/enjoyable about the Forum?**

Almost everything, but certainly too numerous to list

**Q2: What did you find least helpful/enjoyable?**

Trying to engage with so many people that I didn't know - I'm an introvert and engaging with so many people at so many differing events over 3 days was exhausting. Trying to remember names and dismally failing

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Orthodoxy - humorous, approachable, enlightening. Everything my pre-conceptions didn't allow for! Most enjoyable.  
 Pentecostalism - not sure that I gained much from this but it was stimulating.  
 Young Adults - what can I say? This was brilliant. So challenging too. I was blown away by their confidence, mutual support and challenges to the forum.

**Q4: Please comment on the small groups and worship.**

These were fine - although the small group I attended was very small - only two of us on the last day. Worship on Wednesday could have been improved with more silence - but maybe I chose the wrong group to join.

**Q5: What do you think we should do differently next time?**

Not a lot really. My first Forum and I would like to go again if this is what they are like.

**Q6: Is it worth continuing to host large gatherings like the Forum?** Yes

**Q7: Please expand on your answer.**

Very affirming in my ministry as ecumenical development officer, and also a realisation that there is so much to learn and so much work to do!

**Q8: Any other comments?**

The name badges should be shorter and be on both sides if possible (when sitting at the dining tables the badge is below the edge of the table and invariably is on the blank side! (I put a knot in mine to offset this). Venue and food very good / excellent.

**Q2: What did you find least helpful/enjoyable?**

Breaking into pairs and triplets in the main hall was a nightmare. I have poor hearing and the buzz of so many people in close proximiy made it difficult/painful to hear what those in my pair/triplet were saying

---

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Ortodoxy was excellent - Pentecostalism nothing new - Young adults I missed.

---

**Q4: Please comment on the small groups and worship.**

Leader of the group locked into own RC tradition (not surprisingly) - I did not attend the second group meeting. Worship - indifferent. Not keen on Noel - too superficial.

Do not attempt to do discussion pairs / triplets in plenary sessions - it does not work.

**Q1: What did you find most helpful/enjoyable about the Forum?**

Meeting up with people and learning about the Orthodox tradition

**Q2: What did you find least helpful/enjoyable?**

Small groups and loudness of music on occasions .

Presidents@ Panel seemed a wasted opportunity - it felt as if it was managed to ensure no one had to address difficult questions.

Why not the same question for all to address and discuss?

Sometimes whole process seemed over managed.

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Concentrating on two of our less known and smaller traditions was a good thing. Orthodox sessions were very good and beginning with Orthodox worship set the scene very well. I was less sure about the session on Pentecostalism, it came and went as I look back on it whereas I can still remember easily the Orthodox session. Perhaps that's just me!

**Q4: Please comment on the small groups and worship.**

I think small groups are very useful but was disappointed in the one I was in. It wasn't, particularly on the Wednesday, a listening group despite the valiant efforts of the facilitator - eg an answer to the question what challenged you was challenged!

Worship was rather all the same for an ecumenical gathering and the music sometimes far too loud for the room.

**Q5: What do you think we should do differently next time?**

More varied worship

More participation. It was rather sit here and listen.

Better use of Presidents

**Q6: Is it worth continuing to host large gatherings like the Forum?**

Yes

**Q7: Please expand on your answer.**

It is good to gather representatives of denominations and ecumenical areas together in discussion and to listen for any areas CTE should be exploring or confirmation that it is already exploring the right issues.

**Q1: What did you find most helpful/enjoyable about the Forum?**

The session with the young people - absolutely amazing and very inspiring. The session about the Orthodox church including the service - I knew nothing about the Orthodox so learnt a tremendous lot.

**Q2: What did you find least helpful/enjoyable?**

On the first 2 days the worship group was far too loud for the hall and at time very intrusive - there were times when a few moments quiet would have been so much more appropriate then another chorus at full volume (by the 3rd day it was more acceptable) On 2 occasions, I had to leave the hall - I have 2 hearing aids and taking them out did not work meant I couldn't hear the things I wanted to!

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Orthodoxy and Pentecostalism are 2 very different branches of the Christian Church and it was good to learn something of both BUT I felt the young people were teaching us what Christianity and Ecumenism is REALLY about! It was a privilege to be in their sessions and I have fresh hope for the future from their contributions.

**Q4: Please comment on the small groups and worship.**

Our small group went well - perhaps because we had one of the young people in it! Our leader was enabling and not overpowering - we were a good mixture though our Orthodox member did not attend!

**Q5: What do you think we should do differently next time?**

Please can we have a worship leader / music group who can be more flexible and has a wider repertoire? Is there any possibility of an extra day of half day? There didn't seem to be enough time to do all we wanted to!!

**Q6: Is it worth continuing to host large gatherings like the Forum?** Yes**Q7: Please expand on your answer.**

Speaking selfishly, I feel these gatherings are priceless and irreplaceable - smaller meetings, more locally, have their place but the breadth of the Christian Church coming together even occasionally and in such a wonderful place and in such an atmosphere is SPECIAL!

**Q8: Any other comments?**

Thank you for all your hard work, care and encouragement. I hope you have recovered! We enjoyed it very much and did appreciate all the effort that went into organising it.

**Q1: What did you find most helpful/enjoyable about the Forum?**

The overall 'tone' of the Forum was very convivial and had a tangible element of enjoyment amid all the busy-ness. Sense that there was openness to explore issues in a more mature way than has sometimes been the case previously - helped by the breadth of participation?

**Q2: What did you find least helpful/enjoyable?**

First night felt a bit too busy and would have preferred to start earlier in the afternoon to have time to reflect more on content before small group session.  
President's panel was least inspiring session - perhaps that could be more challenging if based on scriptural response to questions/issues as a thread through the whole Forum and taken up in small groups to allow wider/more focused reflection on where some of the key questions or issues are coming from - and also then built into worship somehow - realise that is not so straightforward to plan for!

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Was very moved by the Orthodox presentation and surprised to realise on reflection what is 'common' between Orthodoxy and Pentecostalism.

I think everyone found the young adults presentations to be one of the most inspiring elements of the Forum. (How to we recover some of that energy!!)

**Q4: Please comment on the small groups and worship.**

Found the discipline of the small groups helpful in terms of process though a many in my group felt that they were struggling to gather their thoughts for the first small group session and a less hectic approach to the first day would have helped that to be more fruitful. the second group session was better in this regard.

**Q5: What do you think we should do differently next time?**

Start earlier on the first day. Allow more time for reflection before group sessions get started and more 'freedom' in the Presidents Panel - people need to sense some leadership in that session i.e. Presidents being prepared to be uncomfortable (along with the rest of us) not just dealing with 'safe' questions.

**Q6: Is it worth continuing to host large gatherings like the Forum?** Yes**Q7: Please expand on your answer.**

It is important to keep expanding the breadth of participation and for it to be visible in this context as it is energising for all concerned - I can't think where such a gathering would otherwise happen.

**Q8: Any other comments?**

We could cope with less food!

---

**Q1: What did you find most helpful/enjoyable about the Forum?**

Complete mix of people of all denominations, ages, backgrounds.

---

**Q2: What did you find least helpful/enjoyable?**

Probably the old fashioned traditional meet the Presidents type of session (see 7 below)

---

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Orthodoxy- worked well for me because it flowed out of the worship session. I suppose too I am a real Chaucer pilgrim and like to hear the stories which people have to tell. The refreshing way in which Nicola Vidamour used visual technology to present her talk was encouraging.

Pentecostalism- was weaker than the previous session and I thought too much 'theory' was probably the main reason. I had read the background paper and it gave me more knowledge than I had previously gained. I wanted to go off and look up some of the references given but again I did respond warmly to hearing the stories. These helped me find a way through the idea that Pentecostalism concentrates on just one aspect of the Trinity- The Spirit. I had expected too that we would be given much more Biblical exposition here. What it has helped me to be more aware of is the full spread of churches from the tradition some of which we have very little experience here in our county.

Young People- whose idea is it to put YP on in the evening just when we want to nod off and our powers of concentration are at their lowest. But thanks to the preparation which the young people had carried out we were given a good sound theological reflection on why 'Chemin Neuf' worked for them. It is obvious from some of the contributors that denominational approaches to employing younger people varies considerably. This echoed some of the earlier session on Pentecostalism as well.

---

**Q4: Please comment on the small groups and worship.**

Perhaps just too small (no shows) but nevertheless a good chance to really listen without the distractions of meal tables and noisy backgrounds.

Worship was fine for me. I had no hang ups about modern music and songs. Noise levels- move around the hall and find the area that suits!

---

**Q5: What do you think we should do differently next time?**

This was my first time and I responded to the informality of some of the sessions. I didn't like the constantly breaking into buzz groups particularly on Tuesday late afternoon when we seemed to say it all in the first break but perhaps that was just us. I DID think the smallness of the group size was good- any more than 2s and 3s would have meant we couldn't hear. I have no problem with my hearing but I should imagine that several people would have had problems -especially those with hearing aids.

I felt the absence of a 'What next' session unusual. I want to hear more from David Cornick et al on how we prepare for the 'penultimate' church and reflect on our brokenness and diversity as well as how we rectify that.

---

**Q6: Is it worth continuing to host large gatherings like the Forum?**

Don't know/prefer not to answer/my answer is below.

---

**Q7: Please expand on your answer.**

I arrived thinking that such large gatherings have had their day. In modern approaches to presenting information surely this would appear like a dinosaur. But as we still talk about the dinosaurs millions of years later I guess we still respond to large gatherings. Whether we can afford to fund them or not will be the bottom line. Perhaps it was the theme of 'Churches Listening Together' which enabled me to feel I had really heard some Christian groups speaking in a way that I don't usually. It has also given me more confidence to encourage other Christian groups to be part of our IB.

---

**Q8: Any other comments?**

I am hoping to read more of the input sessions from David Cornick when it appears on the website. A gripe- IT provision i.e. microphones from Swanwick appeared to be a bit iffy to begin with. Its such a short conference that wasting time whilst we got it right was simply not good enough. Finally - a big thank you to Jenny and Lorraine - the admin on an event such as this is colossal particularly taking into account different traditions and peccadilloes to deadlines.

**Q1: What did you find most helpful/enjoyable about the Forum?**

The aim to listen for the purpose of understanding created a positive and friendly atmosphere.....

**Q2: What did you find least helpful/enjoyable?**

..... therefore the observation that we did not deal with things on which we disagree (this arose in our small group) was somewhat below the belt, although true.

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Orthodoxy

The presentations on Orthodoxy, supported by the background paper, were well done. However they gave an impression of joy, love and personal fulfilment which did not come across in the morning worship session. The worship session also included prayers to Mary, who was referred to as Theotokos, which, though unacceptable to many people, was referred to with approval later from the platform. Why was the thing that is so offensive selected thus for further comment?

Pentecostalism

I felt that the Pentecostals did not do themselves justice, even in their positive remarks; and they did not need to introduce the prosperity gospel, which, though encouraged in the teaching and practice of some churches, is not a pillar of Pentecostal theology.

Young People

I suggest that if young people from our member churches are invited to an international event, that event should be run by an ecumenical team and not by Roman Catholics. I was shocked that a vulnerable young person from the Salvation Army, who had never been introduced even to the Lord's Supper, should have been introduced to the Mass.

**Q4: Please comment on the small groups and worship.** *Respondent skipped this question*

**Q5: What do you think we should do differently next time?**

The questions put to the Presidents were not challenging enough for people of their status.

**Q6: Is it worth continuing to host large gatherings like the Forum?** Don't know/prefer not to answer/my answer is below.

**Q7: Please expand on your answer.**

Only if it contributes to our moving forward. I would like to see 3 days of Bible Study. We have to acknowledge our disagreements and search for light to be shed on them by Scripture. I get the impression (rightly or wrongly) that someone thinks that if we are exposed often enough to something with which we disagree, we'll get used to it and accept it. Nothing could be further from the case.

Very good this continued learning and sharing is powerful.

**Q4: Please comment on the small groups and worship.**

One group I was in with one young person expressed her anger that churches do not listen and was upset what the presidents were saying. Very difficult. Otherwise good to share views.

**Q5: What do you think we should do differently next time?**

**Q6: Is it worth continuing to host large gatherings like the Forum?**

It is important that gathering together is seen from the top with churches speaking and working together. It gives hope and see that prayers are being answered. To see changes in the churches coming together is wonderful in is going in the right direction. One woman said from the very first Forum she attended that she has seen growth and was very positive in seeing the changes :)

**Q8: Any other comments?**

It would be good to involve the new churches and youth for future Forums. It would be good to have a brief newsletter how the event went so that we can use to go on local CT websites. The challenge is to communicate back at a local level that CT are listening and talking !

**Q1: What did you find most helpful/enjoyable about the Forum?**

Talking to people outside of the sessions, exchanging news & experiences.  
 Good to have a denominational session available - could have been longer.  
 The poetry session at the end was thought provoking.  
 Good to see some younger folk there as delegates.

**Q2: What did you find least helpful/enjoyable?**

The presidents' panel was a bit frustrating - it would have been good to ask them more challenging questions.  
 There was a very long session where each denominational rep spoke.  
 If Justin Welby thinks this is so important, he should show up, even for one session.

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Orthodoxy... one speaker rambled a lot, but the other was very good. Good idea to have orthodox worship.  
 Pentecostalism...interesting and quite honest I thought.  
 Young adults...very good, might have been good to have it as a daytime session and make a bit more of it.

**Q4: Please comment on the small groups and worship.**

Small groups....some interesting conversations in my group. The evening worship was good...focusing on the poem worked well for us. Good just to have the 2 sessions at the start and end - I felt it was worth doing.  
 Worship - brilliant to have the band. Always worth choosing some well known songs though, because when you do, you can hear how much everyone wants to raise their voices.

**Q5: What do you think we should do differently next time?**

I was surprised there was only an RC eucharist .. I know there were other 'bread sharing' opportunities, but it's not the same. It would have been lovely to have had a joint Eucharist although I guess that does mean a lot of issues to negotiate!  
 Somehow persuade Justin Welby to attend - he has plenty of notice!  
 Perhaps less focus on 'unity' as an end in itself...not sure if that was the intention, but it came across that way a bit.  
 Well done on getting some younger folk in the audience...free/discounted places and lots of encouragement needed to keep the average age down to under 50!  
 Not sure how you manage this, but making it a bit more challenging/provoking would be good!

**Q1: What did you find most helpful/enjoyable about the Forum?**

Getting an overview of the range of Christian activity around the country

---

**Q2: What did you find least helpful/enjoyable?**

No thinking about how we achieve visible unity (for example, between some member Churches, even if not with all). The Presidents' session needs re-thinking. It is good to have them involved, but perhaps not in that way.

---

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

All excellent. The young adults were inspiring.

---

**Q4: Please comment on the small groups and worship.**

Quite good. People felt able to be critical of things, which was good.

**Q5: What do you think we should do differently next time?**

More time for engagement in smaller units (not necessarily the mixed groups).

Clearly a lot of work and witness is going on. How do we get to know about that at the pew level and how do we collaborate more?

Info on Orthodoxy and Pentecostalism, from themselves!

A person who spoke about her denomination as though it was clearly "right", but everyone else seemed to speak without that attitude

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Good speakers make all the difference, people who know how to deliver what they know in an engaging manner are better contributors than those who have lots to share but are not so skilled in the presentation of their stories/knowledge.

**Q1: What did you find most helpful/enjoyable about the Forum?**

If I have to choose the most helpful session of the forum for me it was the session on the Orthodox Churches, where there is so much to learn and to be uplifted by. As it was a listening conference it was easier to learn, and not to get too involved in points of disagreement - but there are a few.

**Q4: Please comment on the small groups and worship.**

It would be helpful to have slightly larger 'home' groups and for them to meet more often during the conference. This would enable participants to make long lasting and useful contacts across the denominations and for discussions to be on a deeper level as trust developed.

I am sure that there is a place for ecumenical forums and they do have to be large to include everyone. conference.

**Q8: Any other comments?**

I find it hard to fill the form in, as I had to spend an evening of the forum away at another conference. However, I would like to say that I found the forum very worthwhile. Being there enabled me to see the ecumenical world in a new way. We have the impression that ecumenism is failing at the local level, and of course this is true when it comes to worship and organisation. I sometimes feel that my work is one of the few opportunities for people to have an ecumenical dimension to their lives. The good news for me is that at the forum I met many people who are engaged both locally and ecumenically in many ways, mostly practical. This is inspiring and very hopeful.

**Q1: What did you find most helpful/enjoyable about the Forum?**

buzz groups/break out groups

 The market place - great opportunity to speak about my charity and work

being on my own - would have loved to be matched up with a buddy - just to have someone to go to at break times - until I got to know more people

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

I think we were all bowled over by young adults and inspired by their enthusiasm  
 really interesting re: hearing about other types of christian religions - really helps us to accept and realise how closely related we all are  
 I feel this is a very useful exercise and should be repeated in Northern Ireland

---

**Q4: Please comment on the small groups and worship.**

loved small groups - enjoyed discussion  
 worship I'm afraid I didnt make because I didnt sleep well (nothing to do with room) and it was early - perhaps there could be worship offered later in evening to provide more opportunity to link in to other forms of worship

---

**Q5: What do you think we should do differently next time?**

Perhaps include a quaker hour - without singing and music  
 Ensure orhtodox christians get mention on first day - or be on the platform  
 I would love to hear from other religions eg: jews/mormons/muslims etc

---

**Q6: Is it worth continuing to host large gatherings like the Forum?** Yes**Q7: Please expand on your answer.**

The forum provided a new experience for me to be exposed to so many different christian religions - I would love to see this expand to other religions to help break down barriers and encourage acceptance

**Q8: Any other comments?**

Thank you for the opportunity - for a well run conference - lovely venue and food - well looked after. PS: Perhaps include a walk through peak district next time if you use same venue. It would be nice for visitors like myself who have less opportunity to sight see and explore and it would provide another layer of interest and networking.

**Q1: What did you find most helpful/enjoyable about the Forum?**

Meeting so many different people from different churches who had a commitment to Church Unity.

**Q2: What did you find least helpful/enjoyable?**

I found the music good, but overwhelming at times and would have welcomed more quiet reflective times. I would have welcomed a return to the small group on day 2.

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

I was more familiar with Orthodoxy than Pentecostalism so would have welcomed more time on that. No doubt others would be opposite to me however. I have not yet looked on the web-site for the honest detail that one of the speakers (Speaker 2 I think) had to omit as he had run out of time. I had to leave before the end of the young adults session.

**Q4: Please comment on the small groups and worship.**

I really enjoyed both my small group and the orthodox worship. I found the other worship a bit overwhelming: a learning experience for me.

**Q5: What do you think we should do differently next time?**

More time for small groups eg to meet each day. This would help us all to process both the encounter and the material more readily.

**Q6: Is it worth continuing to host large gatherings like the Forum?** Yes**Q7: Please expand on your answer.**

This was my first Forum. The value of meeting so many people all committed to ecumenism is really reassuring, but needs balancing with more intimate encounters in small groups. Deja-vu for some is new for others.

**Q8: Any other comments?**

I valued the unexpected opportunity to attend and experience what was a formative experience.

**Q1: What did you find most helpful/enjoyable about the Forum?**

The great range of people at it in terms of age and traditions - and the chance to learn more of the more recent attenders

**Q2: What did you find least helpful/enjoyable?**

Worship band leader more sensitive than many (and I really enjoyed most of their repertoire), but it was unnecessarily loud for the room size

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Orthodoxy - shame about the sound quality on the video of the Orthodox President - it was not good that he almost became a figure of fun - but a very helpful session otherwise

Young adults was good and challenging - at some point it would be good if a bunch of over 60s who'd had little ecumenical engagement could be given a wow of a spiritual experience too to hear them speak with passion and renewed faith - the vigour of the old men's (and women's) dreams needs to be harnessed too.

**Q4: Please comment on the small groups and worship.**

Small groups good - although took us a while to warm up in conversation - I think we could have done with a third time together.

See 2 re Worship Band - this does not mean do away with the worship band - just make sure that it's not playing in a way that those with hearing aids and wanting never to have to have hearing aids are damaged.

I enjoyed leading - thanks for the opportunity.

**Q5: What do you think we should do differently next time?**

See 3 re older people. Three meetings of small groups

**Q6: Is it worth continuing to host large gatherings like the Forum?** Yes

**Q7: Please expand on your answer.**

A big event everynow and then, esp with content that was relevant to the traditions that are recently engaging in ecumenism means that there was something to invite our newer members to and draw them in.

It spurred me to make active contact with several traditions and organisations to ensure 50% of our 4 attenders were under 30.

**Q8: Any other comments?**

I think the Tues was a bit empty of content for the people who just came for that day. (When asked to expand on this she said: if people who were only there for the day and were non-denominational and couldn't stay to the evening, I think the afternoon may have sort of drizzled away for them?)

Thank you to CTE team for all thought and work behind the scenes.

**Q1: What did you find most helpful/enjoyable about the Forum?**

It was an excellent Forum. Several others felt the same way, as of course did Vincent. Highlights were the Orthodox presentation-excellent planning, balanced representation of both Orthodox communions, commendation by a convert and by Nicola as one enriched by Orthodoxy, and, of course, the young people on Tues evening.

**Q2: What did you find least helpful/enjoyable?**

Only one slight snag: buzz groups in a crowded hall are not easy in terms of hearing each other - should more discussion in future go to small groups sessions? Of course, its those decaying of old age and deafness that suffer most!

**Q1: What did you find most helpful/enjoyable about the Forum?**

Being in the company of Christians committed to unity from such a diverse array of traditions.

---

**Q2: What did you find least helpful/enjoyable?**

The Presidents Forum of questions and answers came over as managed and planned. Lack of spontaneity meant that authenticity was not communicated. It is the second forum where the Archbishop of Canterbury was not present in person raising questions of commitment to CTE and the Forum.

---

**Q3: Please comment on the main sessions: Orthodoxy, Pentecostalism, Young Adults.**

Having background papers and presentations on Orthodoxy and Pentecostalism gave exposure and understanding to two traditions not widely experienced or known about and was an educative experience. The presentations of the young adults, their enthusiasm and sincerity was moving and memorable.

---

**Q4: Please comment on the small groups and worship.**

My small group was not successful as some who were supposed to be in the group did not materialise and were absent from the second session which made the sharing and contribution unbalanced. It was good to have the opportunity to experience worship in other traditions.

---

**Q5: What do you think we should do differently next time?**

There needs to be space to reflect on issues that divide traditions in order to understand some of the blockages towards unity. Needs to be approached as providing understanding rather than argumentative point scoring.

---

**Q6: Is it worth continuing to host large gatherings like the Forum?** Yes**Q7: Please expand on your answer.**

Forum needs to continue to exchange news on best practice and developments and to showcase particular traditions as was done with Orthodoxy and Pentecostalism in order to be aware of the rich diversity of Christianity in England as well as increasing understanding.

---

**Q8: Any other comments?**

I was not aware that the event was covered or reported on by religious press or media. As a consequence the event passes almost unnoticed by the vast swathe of active Christians in this country.

The time in small groups was insufficient - either longer sessions or an additional one would have made a huge difference.
