Pentecostals and Charismatics in Britain

An Anthology

Edited by

Joe Aldred

Foreword by Archbishop of Canterbury Justin Welby

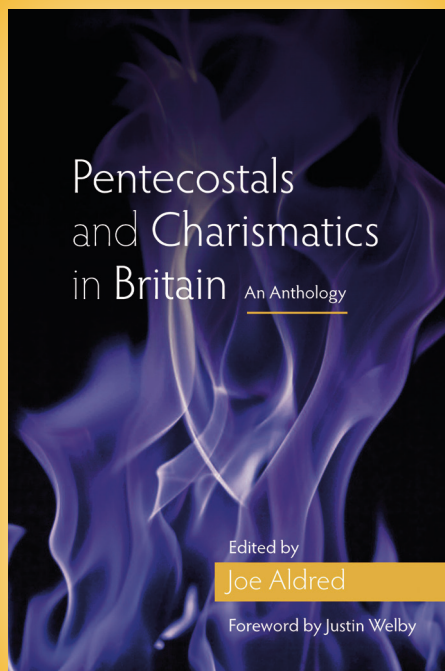

“...contains the most up-to-date set of essays on the subject of Pentecostal and Charismatic Christianity in Britain today. It is an important resource for anyone wishing to understand one of the most influential expressions of Christianity globally.”

The Reverend Professor
Mark J. Cartledge, PhD,
FRSA, Regent University
School of Theology, USA

Although part of a worldwide Christian spirituality, Pentecostals and Charismatics in the UK are rooted in British religiosity dating back to at least the 1920s. However, the emergence of migrant communities from the Caribbean and Africa since the 1950s has tended to attract popular attention and consequentially has come to represent the popular public face of Pentecostals and Charismatics in Britain.

Pentecostals and Charismatics in Britain draws upon the scholarship of eminent academics and practitioners in the field of Pentecostal and Charismatic studies, who together consider the history of pentecostal and charismatic movements, their relationship with mainline Christian churches and their engagement with the social, economic and political world.
